Re: Second Special Notice Letter for the Brine Service Company Superfund Site in Corpus Christi, Texas

Dear Sir or Madam:

This letter follows the special notice letter (SNL) that the U.S. Environmental Protection Agency (EPA) sent to ConocoPhillips Company (ConocoPhillips) on July 30, 2021 in connection with the Brine Service Company Superfund Site (the Site), located in Corpus Christi, Texas. In that letter, the EPA notified you of your potential responsibility under Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"), 42 U.S.C. § 9607(a), for the cleanup of the Site, including all costs incurred by EPA in responding to releases at the Site. The EPA attached to the July 30, 2021 SNL documentary evidence of your liability. If you would like a copy of that documentation, please contact Brian Follin at (214) 665-7490 or [follin.brian@epa.gov](mailto:follin.brian@epa.gov).

**Remedial Design and Remedial Action**

In the July 30, 2021 SNL, the EPA proposed a bifurcated settlement approach to secure performance of Remedial Design/Remedial Action (RD/RA) at the Site. Under the bifurcated approach, the parties would have negotiated an Administrative Settlement Agreement and Order on Consent (ASAOC) for remedial design and a Consent Decree for remedial action. The EPA has since determined that such an approach would not result in an expedited settlement and has decided to transition to a traditional settlement approach in which both remedial design and remedial action are included in a Consent Decree. The EPA is sending this second SNL in an attempt to resolve your responsibility at the Site using this more traditional settlement approach.

**Special Notice and Negotiation Moratorium**

The EPA has determined that use of the special notice procedures set forth in Section 122(e) of CERCLA, 42 U.S.C. § 9622(e), may facilitate a settlement between ConocoPhillips, other PRPs, and EPA for implementation of the response action. Under Section 122(e), this letter triggers a 60-day moratorium on certain EPA response activities at the Site. During this 60-day moratorium, the EPA will not begin response action at the Site. However, the EPA reserves the right to take action at the Site at any time should a significant threat to human health or the environment arise.

During this 60-day period, ConocoPhillips and the other PRPs are invited to participate in formal negotiations with the EPA in an effort to reach a settlement to conduct or finance the response action at the Site. The 60-day negotiation period ends on June 17, 2022. The 60-day negotiation moratorium will be extended for an additional 60 days if PRPs provide the EPA with a “good faith offer” to conduct or finance the response action and reimburse the EPA for its costs incurred to date. If the EPA determines that your proposal is not a “good faith offer,” you will be notified in writing of EPA’s decision to end the moratorium. If the moratorium is extended for an additional 60 days, negotiations will conclude on August 16, 2022. If settlement is reached between the EPA and the PRPs within the 120-day negotiation moratorium, the settlement will be embodied in a RD/RA Consent Decree, as discussed above.

If a “good faith offer” is not received within 60 days, or a timely settlement cannot be reached, the EPA may take appropriate action at the Site, which may include either of the following options: (1) EPA may fund the remedial action and pursue a cost recovery claim under Section 107 of CERCLA, 42 U.S.C. § 9607, against ConocoPhillips and/or the other PRPs; or (2) EPA may issue a Unilateral Administrative Order (UAO) to ConocoPhillips and/or the other PRPs under Section 106(a) of CERCLA, 42 U.S.C. § 9606, requiring ConocoPhillips or them to perform the work described in the ROD. If the recipients of a UAO refuse to comply with the UAO, the EPA may pursue civil litigation against the recipients to require compliance.

Pursuant to the Superfund Reforms announced on October 2, 1995, when the EPA enters into future RD/RA settlements, the EPA intends to compensate settlors for a portion of the shares specifically attributable to insolvent and defunct PRPs (“orphan share”), if any. The EPA believes that there may be PRPs at this Site who are insolvent or defunct. If you, either individually or with other PRPs, enter into an RD/RA settlement with the EPA and provide sufficient information about the existence, liability, and relative shares of responsibility of insolvent and defunct PRPs, the EPA will analyze the information and determine whether to consider the shares of these parties in the amount of EPA’s past costs and future oversight costs to recover in such settlement.

### **Good Faith Offer**

A proposed Consent Decree is enclosed to assist you in developing a “good faith offer.”<sup>1</sup> As indicated, the 60-day negotiation moratorium triggered by this letter is extended for 60 days if the PRPs submit a “good faith offer” to the EPA. A “good faith offer” to conduct or finance the remedial design and remedial action is a written proposal that demonstrates your qualifications and willingness to perform such work and includes the following elements:

- A statement of your willingness and financial ability to implement the requirements of the ROD and proposed Consent Decree and that provides a sufficient basis for further negotiation;
- A demonstration of your technical capability to carry out the remedial action, including identification of the firm(s) that may actually conduct the work or a description of the process that will be undertaken to select the firm(s);

---

<sup>1</sup> This draft Consent Decree is not currently binding on EPA and is subject to revision and ultimate review and approval by authorized officials within the EPA and DOJ. It is based on the model RD/RA Consent Decree, which is available at [https://cfpub.epa.gov/compliance/models/view.cfm?model\\_ID=81](https://cfpub.epa.gov/compliance/models/view.cfm?model_ID=81).

- A detailed statement of work or work plan identifying how you intend to proceed with the remedial action;
- A statement of your willingness to reimburse the EPA for costs the EPA will incur in overseeing your implementation of the remedial action;
- A response to the proposed Consent Decree. If your offer contemplates modifications to the Consent Decree, please make revisions or edits to the Consent Decree and submit a redline/strikeout version showing your proposed modifications to the draft Consent Decree in Microsoft Word®;
- A list identifying each party on whose behalf the offer is being made, including name, address, and telephone number of each party; and
- The name, address, and phone number of the party who will represent you in negotiations.

### **Demand for Reimbursement of Costs**

With this letter, the EPA demands that you reimburse the EPA for its costs incurred to date, and encourages you to enter into the attached consent decree in which you and other PRPs agree to perform the RD/RA.

In accordance with Section 104 of CERCLA, 42 U.S.C. § 9604, the EPA has already taken certain response actions and incurred certain costs in response to conditions at the Site, including costs associated with investigating the Site and listing it on the National Priorities List. The EPA is seeking to recover from ConocoPhillips and other PRPs at the Site its response costs and all the interest authorized to be recovered under Section 107(a) of CERCLA, 42 U.S.C. § 9607. To date, the approximate total response costs identified through January 12, 2022 for the Site are approximately \$1,623,964.35. Under Section 107(a) of CERCLA, the EPA hereby makes a demand for payment from ConocoPhillips and other PRPs for the above amount plus all interest authorized to be recovered under Section 107(a). A summary of these costs is enclosed.

Some or all of the costs associated with this notice may be covered by current or past insurance policies issued to ConocoPhillips. Most insurance policies will require that you timely notify your carrier(s) of a claim against you. To evaluate whether you should notify your insurance carrier(s) of this demand, you may wish to review current and past policies, beginning with the date of ConocoPhillips's first contact with the Brine Service Company Superfund Site, up to the present. Coverage depends on many factors, such as the language of the particular policy and state law.

In the event that you file for protection in a bankruptcy court, you must include the EPA as creditor, because the EPA has a potential claim against you. The EPA reserves the right to file a proof of claim or application for reimbursement of administrative expenses.

### **PRP Steering Committee**

To assist PRPs in negotiating with the EPA concerning this matter, the EPA is attaching to this letter a list of the names and addresses of other PRPs to whom it is sending this Notice.

The EPA recommends that all PRPs meet to select a steering committee responsible for representing the group's interests. The EPA recognizes that the allocation of responsibility among PRPs may be difficult. If PRPs are unable to reach consensus among themselves, we encourage the use of the services of a neutral third party to help allocate responsibility. Third parties are available to facilitate negotiations. At the PRPs' request, The EPA will provide a list of experienced third-party mediators, or help arrange for a mediator.

### **Administrative Record**

In accordance with Section 113 of CERCLA, 42 U.S.C. § 9613, the EPA has established an Administrative Record containing the documents that serve as the basis for the EPA's selection of the appropriate response action for the Site. This Administrative Record is located at the Owen R. Hopkins Public Library at 3202 McKinzie Road, Corpus Christi, Texas; at the Texas Commission on Environmental Quality, Central Records, Building E, Records Management, First Floor, 12100 Park 35 Circle, Austin, Texas 78753; and online at <https://www.epa.gov/superfund/brine-service> and is available to the public for review. The Administrative Record is also available for review at the Superfund Records Center, EPA Region 6, 1201 Elm Street, Suite 500, Dallas, Texas 75270, (800) 887-6063. You may wish to review the Administrative Record to assist you in responding to this letter, but your review should not delay such response beyond the 60-day period provided by CERCLA.

### **PRP Response and EPA Contact Person**

You are encouraged to contact the EPA by May 2, 2022 to indicate your willingness to participate in future negotiations concerning this Site. You may respond individually or through a steering committee if such a committee has been formed. If the EPA does not receive a timely response, the EPA will assume that you do not wish to negotiate a resolution of your liabilities in connection with the Site, and that you have declined any involvement in performing the response activities.

Your response to this second Special Notice Letter and the demand for costs included herein, including written proposals to perform the RD/RA selected, should be sent to:

U.S. Environmental Protection Agency  
Stephen Capuyan (SEDAE)  
Enforcement Officer  
1201 Elm Street, Dallas, Texas 75270  
[capuyan.stephen@epa.gov](mailto:capuyan.stephen@epa.gov)  
(214) 665-2163

The factual and legal discussions in this letter are intended solely to provide notice and information, and such discussions are not to be construed as a final EPA position on any matter set forth herein. The EPA urges that you give immediate attention and prompt response to this letter.

In addition, the EPA has notified the Federal Natural Resource Trustee<sup>2</sup> of its intention to perform or enter into negotiations for the performance of response actions at the Site.

If you have any questions regarding the technical aspects of this letter, please contact Brian Follin, Remedial Project Manager, at (214) 665-7490 or [follin.brian@epa.gov](mailto:follin.brian@epa.gov). If you have an attorney handling your legal matters, please direct his or her questions to Leonard E. Schilling Jr., Assistant Regional Counsel, at (214) 665-7166 or [schilling.leonard@epa.gov](mailto:schilling.leonard@epa.gov).

My staff and I look forward to working with you during the coming months.

Sincerely,

**Webster,**

WHEREAS, the United States of America (“United States”), on behalf of the Administrator of the United States Environmental Protection Agency (“EPA”), filed a complaint in this matter under sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”).

WHEREAS, the United States in its complaint seeks, *inter alia*: (1) reimbursement of costs incurred by EPA and the Department of Justice (“DOJ”) for response actions at the Brine Service Company, Inc. Superfund Site in Corpus Christi, Texas (“Site”), together with accrued interest; and (2) performance by the defendants of a response action at the Site consistent with the National Contingency Plan, 40 C.F.R. part 300 (“NCP”).

WHEREAS, in accordance with the NCP and section 121(f)(1)(F) of CERCLA, EPA notified the State of Texas (“State”) on September 30, 2020, of negotiations with potentially responsible parties (“PRPs”) regarding the implementation of the remedial design and remedial action (“RD/RA”) for the Site, and EPA has provided the State with an opportunity to participate in such negotiations and to be a party to this Consent Decree (“Decree”).

WHEREAS, in accordance with section 122(j)(1) of CERCLA, EPA notified the U.S. Fish & Wildlife Service on October 6, 2020 of negotiations with PRPs regarding the release of hazardous substances that may have resulted in injury to the natural resources under federal trusteeship and encouraged the trustee(s) to participate in the negotiation of this Decree.

WHEREAS, the defendants that have entered into this Decree (“Settling Defendants”) do not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint, nor do they acknowledge that the release or threatened release of hazardous substance(s) at or from the Site constitutes an imminent and substantial endangerment to the public health or welfare or the environment.

WHEREAS, in accordance with section 105 of CERCLA, EPA listed the Site on the National Priorities List (“NPL”), set forth at 40 C.F.R. part 300, Appendix B, by publication in the Federal Register on September 5, 2002, 67 Fed. Reg. 56757.

WHEREAS, in response to a release or a substantial threat of a release of hazardous substances at or from the Site, Settling Defendants and other PRPs at the Site completed a Remedial Investigation and a Feasibility Study (“RI/FS”) for the Site in 2018, in accordance with 40 C.F.R. § 300.430.

WHEREAS, in accordance with section 117 of CERCLA and 40 C.F.R § 300.430(f), EPA published notice of the completion of the RI/FS and of the proposed plan for remedial action on August 27, 2019, in a major local newspaper of general circulation. EPA held a public meeting regarding the proposed plan on September 10, 2019 and provided an opportunity for written and oral comments from the public. A copy of the transcript of the public meeting and comments received are available to the public as part of the administrative record upon which the Director of the Superfund and Emergency Management Division, EPA Region 6, based the selection of the response action.

WHEREAS, EPA selected a remedial action to be implemented at the Site, which is embodied in a final Record of Decision (“Record of Decision”), executed on August 31, 2020. The Record of Decision includes a summary of responses to the public comments. Notice of the final plan was published in accordance with section 117(b) of CERCLA.

WHEREAS, the Remedial Action selected in the Record of Decision requires reducing the amount of contamination in soil and groundwater and addressing sludge and reworked soil/waste at the Site.

WHEREAS, based on the information currently available, EPA has determined that the Work will be properly and promptly conducted by Settling Defendants if conducted in accordance with this Decree.

WHEREAS, the Parties recognize, and the Court by entering this Decree finds, that this Decree has been negotiated by the Parties in good faith, that implementation of this Decree will expedite the cleanup of the Site and will avoid prolonged and complicated litigation between the Parties, and that this Decree is fair, reasonable, in the public interest, and consistent with CERCLA.

NOW, THEREFORE, it is hereby **ORDERED** and **DECREED** as follows:

## **I. JURISDICTION AND VENUE**

1. This Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1345, and sections 106, 107 and 113(b) of CERCLA, and personal jurisdiction over the Parties. Venue lies in this District under section 113(b) of CERCLA and 28 U.S.C. §§ 1391(b), and 1395(a), because the Site is located in this judicial district. This Court retains jurisdiction over the subject matter of this action and over the Parties for the purpose of resolving disputes arising under this Decree, entering orders modifying this Decree, or effectuating or enforcing compliance with this Decree. Settling Defendants may not challenge the terms of this Decree or this Court’s jurisdiction to enter and enforce this Decree.

## **II. PARTIES BOUND**

2. This Decree is binding upon the United States and upon Settling Defendants and their successors. Unless the United States consents, (a) any change in ownership or corporate or other legal status of any Settling Defendant, including any transfer of assets, or (b) any Transfer of the Site or any portion thereof, does not alter any of Settling Defendants’ obligations under this Decree. Settling Defendants’ responsibilities under this Decree cannot be assigned except under a modification executed in accordance with ¶ 66.

3. In any action to enforce this Decree, Settling Defendants may not raise as a defense the failure of any of their officers, directors, employees, agents, contractors, subcontractors, or any person representing Settling Defendants to take any action necessary to comply with this Decree. Settling Defendants shall provide notice of this Decree to each person representing Settling Defendants with respect to the Site or the Work. Settling Defendants shall

provide notice of this Decree to each contractor performing any Work and shall ensure that notice of the Decree is provided to each subcontractor performing any Work.

### **III. DEFINITIONS**

4. Subject to the next sentence, terms used in this Decree that are defined in CERCLA or the regulations promulgated under CERCLA have the meanings assigned to them in CERCLA and the regulations promulgated under CERCLA. Whenever the terms set forth below are used in this Decree, the following definitions apply:

“CERCLA” means the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §§ 9601-9675.

“Consent Decree” or “Decree” means this consent decree, all appendixes attached hereto (listed in Section XVIII), and all deliverables incorporated into the Decree under ¶ 7.6 of the SOW. If there is a conflict between a provision in Sections I through XXIII and a provision in any appendix or deliverable, the provision in Sections I through XXIII controls.

“Day” or “day” means a calendar day. In computing any period under this Decree, the day of the event that triggers the period is not counted and, where the last day is not a working day, the period runs until the close of business of the next working day. “Working day” means any day other than a Saturday, Sunday, or federal or State holiday.

“DOJ” means the United States Department of Justice.

“Effective Date” means the date upon which the Court’s approval of this Decree is recorded on its docket.

“EPA” means the United States Environmental Protection Agency.

“Fund” means the Hazardous Substance Superfund established under section 9507 of the Internal Revenue Code, 26 I.R.C. § 9507.

“Future Response Costs” means all costs (including direct, indirect, payroll, contractor, travel, and laboratory costs) that the United States: (a) pays between January 12, 2022 and the Effective Date; and (b) pays after the Effective Date in implementing, overseeing, or enforcing this Decree, including: (i) in developing, reviewing and approving deliverables generated under this Decree; (ii) in overseeing Settling Defendants’ performance of the Work; (iii) in assisting or taking action to obtain access or use restrictions under ¶ 12.a; (iv) in securing, implementing, monitoring, maintaining, or enforcing Institutional Controls, including any compensation paid; (v) in taking action under ¶ 20 (Access to Financial Assurance); (vi) in taking response action described in ¶ 49 because of Settling Defendants’ failure to take emergency action under ¶ 5.4 of the SOW; (vii) in implementing a Work Takeover under ¶ 11; (viii) in implementing community involvement activities including the cost of any technical assistance grant provided under section 117(e) of CERCLA; (ix) in enforcing this Decree, including all costs paid under Section XI (Dispute Resolution) and all litigation costs; and (x) in conducting periodic reviews in accordance with section 121(c) of CERCLA. Future Response Costs also includes all Interest

accrued after January 12, 2022 on EPA's unreimbursed costs (including Past Response Costs) under section 107(a) of CERCLA.

"Including" or "including" means "including but not limited to."

"Institutional Controls" means Proprietary Controls (*i.e.*, easements or covenants running with the land that (i) limit land, water, or other resource use, provide access rights, or both and (ii) are created under common law or statutory law by an instrument that is recorded, or for which notice is recorded, in the appropriate land records office) and state or local laws, regulations, ordinances, zoning restrictions, or other governmental controls or notices that: (a) limit land, water, or other resource use to minimize the potential for human exposure to Waste Material at or in connection with the Site; (b) limit land, water, or other resource use to implement, ensure noninterference with, or ensure the protectiveness of the Remedial Action; (c) provide information intended to modify or guide human behavior at or in connection with the Site; or (d) any combination thereof.

"Interest" means interest at the rate specified for interest on investments of the Fund, as provided under section 107(a) of CERCLA, compounded annually on October 1 of each year. The applicable rate of interest will be the rate in effect at the time the interest accrues. The rate of interest is subject to change on October 1 of each year. As of the date of lodging of this Decree, rates are available online at <https://www.epa.gov/superfund/superfund-interest-rates>.

"National Contingency Plan" or "NCP" means the National Oil and Hazardous Substances Pollution Contingency Plan promulgated under section 105 of CERCLA, codified at 40 C.F.R. part 300, and any amendments thereto.

"Owner Settling Defendant" means the following Settling Defendant who owns or controls all or a portion of the Site: \_\_\_\_.

"Paragraph" or "¶" means a portion of this Decree identified by an Arabic numeral or an upper- or lower-case letter.

"Parties" means the United States and Settling Defendants.

"Past Response Costs" means all costs (including direct, indirect, payroll, contractor, travel, and laboratory costs) that the United States paid in connection with the Site through January 12, 2022, plus all interest on such costs accrued under section 107(a) of CERCLA through such date.

"Performance Standards" means the cleanup levels and other measures of achievement of the remedial action objectives, as set forth in the Record of Decision.

"Plaintiff" means the United States.

"RCRA" means the Solid Waste Disposal Act, 42 U.S.C. §§ 6901-6992k, (also known as the Resource Conservation and Recovery Act).

“Record of Decision” means the EPA decision document that memorializes the selection of the Remedial Action relating to the Site signed on August 31, 2020, by Director of the Superfund and Emergency Management Division, EPA Region 6, and all attachments thereto. The Record of Decision is attached as Appendix A.

“Remedial Action” means the remedial action selected in the Record of Decision.

“Remedial Design” means those activities to be undertaken by Settling Defendants to develop plans and specifications for implementing the Remedial Action as set forth in the SOW.

“Scope of the Remedy” means the scope of the remedy set forth in ¶ 1.3 of the SOW.

“Section” means a portion of this Decree identified by a Roman numeral.

“Settling Defendants” means the settling defendants identified in Appendix D. As used in this Decree, this definition means all settling defendants, collectively, and each settling defendant, individually.

“Site” means the Brine Service Company, Inc. Superfund Site, comprising approximately sixteen (16) acres, located northeast of the intersection of Interstate Highway 37 and Goldston Road in Corpus Christi, Nueces County, Texas, and depicted generally on the map attached as Appendix C.

“Special Account” means the special account, within the Fund, established for the Site by EPA under section 122(b)(3) of CERCLA.

“State” means the State of Texas.

“Statement of Work” or “SOW” means the document attached as Appendix B, which describes the activities Settling Defendants must perform to implement and maintain the effectiveness of the Remedial Action.

“Transfer” means to sell, assign, convey, lease, mortgage, or grant a security interest in, or where used as a noun, a sale, assignment, conveyance, or other disposition of any interest by operation of law or otherwise.

“United States” means the United States of America and each department, agency, and instrumentality of the United States, including EPA.

“Waste Material” means (a) any “hazardous substance” under Section 101(14) of CERCLA; (b) any pollutant or contaminant under section 101(33) of CERCLA; and (c) any “solid waste” under section 1004(27) of RCRA.

“Work” means all obligations of Settling Defendants under Sections V (Performance of the Work) through VIII (Indemnification and Insurance).

“Work Takeover” means EPA’s assumption of the performance of any of the Work in accordance with ¶ 11.

#### **IV. OBJECTIVES**

5. The objectives of the Parties in entering into this Decree are to protect public health, welfare, and the environment through the design, implementation, and maintenance of a response action at the Site by Settling Defendants, to pay response costs of Plaintiff, and to resolve and settle the claims of Plaintiff against Settling Defendants as provided in this Decree.

#### **V. PERFORMANCE OF THE WORK**

6. Settling Defendants shall finance, develop, implement, operate, maintain, and monitor the effectiveness of the Remedial Action all in accordance with the SOW, any modified SOW and all EPA-approved, conditionally approved, or modified deliverables as required by the SOW or modified SOW.

7. Nothing in this Decree and no EPA approval of any deliverable required under this Decree constitutes a warranty or representation by EPA that completion of the Work will achieve the Performance Standards.

8. Settling Defendants' obligations to finance and perform the Work and to pay amounts due under this Decree are joint and several. In the event of the insolvency of any Settling Defendant or the failure by any Settling Defendant to participate in the implementation of the Decree, the remaining Settling Defendants shall complete the Work and make the payments.

#### **9. Modifications to the Remedial Action and Further Response Actions**

a. Nothing in this Decree limits EPA's authority to modify the Remedial Action or to select further response actions for the Site in accordance with the requirements of CERCLA and the NCP. Nothing in this Decree limits Settling Defendants' rights, under sections 113(k)(2) or 117 of CERCLA, to comment on any modified or further response actions proposed by EPA.

b. If EPA modifies the Remedial Action in order to achieve or maintain the Performance Standards, or both, or to carry out and maintain the effectiveness of the Remedial Action, and such modification is consistent with the Scope of the Remedy, then Settling Defendants shall implement the modification as provided in ¶ 9.d.

c. If EPA selects a further response action for the Site because a reopener condition in ¶ 47 is satisfied, then, subject to ¶ 66, Settling Defendants shall implement the further response action as provided in ¶ 9.d.

d. Upon receipt of notice from EPA that it has modified the Remedial Action as provided in ¶ 9.b or selected a further response action as provided in ¶ 9.c and requesting that Settling Defendants implement the modified Remedial Action or further response action, Settling Defendants shall implement the modification or further response action, subject to their right to initiate dispute resolution under Section XI within thirty (30) days after receipt of EPA's notice. Settling Defendants shall modify the SOW, or related work plans, or both in accordance with the Remedial Action modification or further response action or, if Settling Defendants invoke

dispute resolution, in accordance with the final resolution of the dispute. The Remedial Action modification or further response action, the approved modified SOW, and any related work plans will be deemed to be incorporated into and enforceable under this Decree.

10. **Compliance with Applicable Law.** Nothing in this Decree affects Settling Defendants' obligations to comply with all applicable federal and state laws and regulations. Settling Defendants must also comply with all applicable or relevant and appropriate requirements of all federal and state environmental laws as set forth in the Record of Decision and the SOW. The activities conducted in accordance with this Decree, if approved by EPA, will be deemed to be consistent with the NCP as provided under section 300.700(c)(3)(ii).

11. **Work Takeover**

a. If EPA determines that Settling Defendants (i) have ceased to perform any of the Work required under this Section; (ii) are seriously or repeatedly deficient or late in performing the Work required under this Section; or (iii) are performing the Work required under this Section in a manner that may cause an endangerment to human health or the environment, EPA may issue a notice of Work Takeover to Settling Defendants, including a description of the grounds for the notice and a period of time ("Remedy Period") within which Settling Defendants must remedy the circumstances giving rise to the notice. The Remedy Period will be twenty (20) days, unless EPA determines in its unreviewable discretion that there may be an endangerment, in which case the Remedy Period will be ten (10) days.

b. If, by the end of the Remedy Period, Settling Defendants do not remedy to EPA's satisfaction the circumstances giving rise to the notice of Work Takeover, EPA may notify Settling Defendants and, as it deems necessary, commence a Work Takeover.

c. EPA may conduct the Work Takeover during the pendency of any dispute under Section XI but shall terminate the Work Takeover if and when: (i) Settling Defendants remedy, to EPA's satisfaction, the circumstances giving rise to the notice of Work Takeover; or (ii) upon the issuance of a final determination under Section XI (Dispute Resolution) that EPA is required to terminate the Work Takeover.

## **VI. PROPERTY REQUIREMENTS**

12. **Agreements Regarding Access and Noninterference**

a. As used in this Section, "Affected Property" means any real property, including the Site, where EPA determines, at any time, that access; land, water, or other resource use restrictions; Institutional Controls; or any combination thereof, are needed to implement the Remedial Action.

b. Settling Defendants shall use best efforts to secure from the owner(s), other than an Owner Settling Defendant, of all Affected Property, an agreement, enforceable by Settling Defendants and by Plaintiff, requiring such owner to provide Plaintiff and Settling Defendants, and their respective representatives, contractors, and subcontractors with access at all reasonable times to such owner's property to conduct any activity regarding the Decree, including the following:

- (1) implementing the Work and overseeing compliance with the Decree;
- (2) conducting investigations of contamination at or near the Site;
- (3) assessing the need for, planning, or implementing additional response actions at or near the Site;
- (4) determining whether the Site is being used in a manner that is prohibited or restricted, or that may need to be prohibited or restricted under the Decree; and
- (5) implementing, monitoring, maintaining, reporting on, and enforcing any land, water, or other resource use restrictions and Institutional Controls.

c. Further, each agreement required under ¶ 12.b must commit the owner to refrain from using its property in any manner that EPA determines will pose an unacceptable risk to human health or to the environment as a result of exposure to Waste Material, or will interfere with or adversely affect the implementation, integrity, or protectiveness of the Remedial Action, including the following:

- (1) engaging in any of the following activities that could interfere with the Remedial Action: digging; installation or repair of below ground plumbing, sewage or water lines (except in case of emergency); installation of asphalt or concrete parking areas; and/or installation of a fence or fencing without prior written authorization from the EPA Project Coordinator;
- (2) using contaminated groundwater;
- (3) engaging in any of the following activities that could result in human exposure to contaminants in soils and groundwater: digging; installation or repair of below ground plumbing, sewage or water lines (except in case of emergency); installation of asphalt or concrete parking areas; and/or installation of a fence or fencing without prior written authorization from the EPA Project Coordinator;
- (4) constructing or installing new structures that may interfere with the Remedial Action; and
- (5) constructing or installing new structures that may cause an increased risk of inhalation of contaminants.

d. As used in this Section, “best efforts” means the efforts that a reasonable person in the position of Settling Defendants would use to achieve the goal in a timely manner, including the cost of employing professional assistance and the payment of reasonable sums of money to secure access and/or use restriction agreements.

e. Settling Defendants shall provide to EPA a copy of each agreement required under ¶ 12.b. If Settling Defendants cannot accomplish what is required under ¶ 12.b through best efforts in a timely manner, they shall notify EPA, and include a description of the steps taken to achieve the requirements. If the United States deems it appropriate, it may assist Settling Defendants, or take independent action, to obtain such access or use restrictions.

13. **Access and Noninterference by Owner Settling Defendant.** The Owner Settling Defendant shall: (a) provide Plaintiff and the Settling Defendants, and their representatives, contractors, and subcontractors with access at all reasonable times to the Site to conduct any activity regarding the Decree, including those listed in ¶ 12.b; and (b) refrain from using the Site in any manner that EPA determines will pose an unacceptable risk to human health or to the environment because of exposure to Waste Material, or will interfere with or adversely affect the implementation, integrity, or protectiveness of the Remedial Action, including the restrictions listed in ¶ 12.c.

14. If EPA determines in a decision document prepared in accordance with the NCP that Institutional Controls in the form of state or local laws, regulations, ordinances, zoning restrictions, or other governmental controls or notices are appropriate, Settling Defendants shall cooperate with EPA's efforts to secure and ensure compliance with such Institutional Controls.

15. **Notice to Successors-in-Title**

a. Owner Settling Defendant shall, within 15 days after the Effective Date, submit for EPA approval a notice to be recorded regarding its property at the Site in the appropriate land records. The notice must: (1) include a proper legal description of the property; (2) provide notice to all successors-in-title: (i) that the property is part of, or affected by, the Site; (ii) that EPA has selected a remedy for the Site; and (iii) that potentially responsible parties have entered into a Decree requiring implementation of such remedy; and (3) identify the U.S. District Court in which the Decree was filed, the name and civil action number of this case, and the Effective Date of the Decree. Owner Settling Defendant shall record the notice within 10 days after EPA's approval of the notice and submit to EPA, within 10 days thereafter, a certified copy of the recorded notice.

b. Owner Settling Defendant shall, prior to entering into a contract to Transfer any of its property that is part of the Site, or 60 days prior to a Transfer of such property, whichever is earlier:

- (1) notify the proposed transferee that EPA has selected a remedy regarding the Site, that potentially responsible parties have entered into a Consent Decree requiring implementation of such remedy, and that the United States District Court has entered the Decree (identifying the name and civil action number of this case and the date the Court entered the Decree); and
- (2) notify EPA of the name and address of the proposed transferee and provide EPA with a copy of the notice that it provided to the proposed transferee.

16. Notwithstanding any provision of the Decree, EPA retains all of its access authorities and rights, as well as all of its rights to require land, water, or other resource use restrictions and Institutional Controls, including related enforcement authorities, under CERCLA, RCRA, and any other applicable statute or regulations.

## **VII. FINANCIAL ASSURANCE**

17. To ensure completion of the Work required under Section V, Settling Defendants shall secure financial assurance, initially in the amount of \$9,940,000 (“Estimated Cost of the Work”), for the benefit of EPA. The financial assurance must: (i) be one or more of the mechanisms listed below, in a form substantially identical to the relevant sample documents available from EPA; and (ii) be satisfactory to EPA. As of the date of lodging of this Decree, the sample documents can be found under the “Financial Assurance - Settlements” category on the Cleanup Enforcement Model Language and Sample Documents Database at <https://cfpub.epa.gov/compliance/models/>. Settling Defendants may use multiple mechanisms if they are limited to surety bonds guaranteeing payment, letters of credit, trust funds, insurance policies, or some combination thereof. The following are acceptable mechanisms:

- a. a surety bond guaranteeing payment, performance of the Work, or both, that is issued by a surety company among those listed as acceptable sureties on federal bonds as set forth in Circular 570 of the U.S. Department of the Treasury;
- b. an irrevocable letter of credit, payable to EPA or at the direction of EPA, that is issued by an entity that has the authority to issue letters of credit and whose letter-of-credit operations are regulated and examined by a federal or state agency;
- c. a trust fund established for the benefit of EPA that is administered by a trustee that has the authority to act as a trustee and whose trust operations are regulated and examined by a federal or state agency;
- d. a policy of insurance that provides EPA with acceptable rights as a beneficiary thereof and that is issued by an insurance carrier that has the authority to issue insurance policies in the applicable jurisdiction(s) and whose insurance operations are regulated and examined by a federal or state agency;
- e. a demonstration by one or more Settling Defendants that they meet the relevant test criteria of ¶ 16, accompanied by a standby funding commitment that requires the affected Settling Defendants to pay funds to or at the direction of EPA, up to the amount financially assured through the use of this demonstration in the event of a Work Takeover; or
- f. a guarantee to fund or perform the Work executed in favor of EPA by a company: (1) that is a direct or indirect parent company of a Settling Defendant or has a “substantial business relationship” (as defined in 40 C.F.R. § 264.141(h)) with a Settling Defendant; and (2) demonstrates to EPA’s satisfaction that it meets the financial test criteria of ¶ 16.

18. Settling Defendants seeking to provide financial assurance by means of a demonstration or guarantee under ¶ 15.e or 15.f must, within 30 days after the Effective Date:

a. demonstrate that:

(1) the affected Settling Defendant or guarantor has:

- i. two of the following three ratios: a ratio of total liabilities to net worth less than 2.0; a ratio of the sum of net income plus depreciation, depletion, and amortization to total liabilities greater than 0.1; and a ratio of current assets to current liabilities greater than 1.5; and
- ii. net working capital and tangible net worth each at least six times the sum of the Estimated Cost of the Work and the amounts, if any, of other federal, state, or tribal environmental obligations financially assured through the use of a financial test or guarantee; and
- iii. tangible net worth of at least \$10 million; and
- iv. assets located in the United States amounting to at least 90 percent of total assets or at least six times the sum of the Estimated Cost of the Work and the amounts, if any, of other federal, state, or tribal environmental obligations financially assured through the use of a financial test or guarantee; or

(2) the affected Settling Defendant or guarantor has:

- i. a current rating for its senior unsecured debt of AAA, AA, A, or BBB as issued by Standard and Poor's or Aaa, Aa, A or Baa as issued by Moody's; and
- ii. tangible net worth at least six times the sum of the Estimated Cost of the Work and the amounts, if any, of other federal, state, or tribal environmental obligations financially assured through the use of a financial test or guarantee; and
- iii. tangible net worth of at least \$10 million; and
- iv. assets located in the United States amounting to at least 90 percent of total assets or at least six times the sum of the Estimated Cost of the Work and the amounts, if any, of other federal, state, or tribal environmental obligations financially assured through the use of a financial test or guarantee; and

b. submit to EPA for the affected Settling Defendant or guarantor: (1) a copy of an independent certified public accountant's report of the entity's financial statements for the latest completed fiscal year, which must not express an adverse opinion or disclaimer of opinion; and (2) a letter from its chief financial officer and a report from an independent certified public accountant substantially identical to the sample letter and reports available from EPA. As of the

date of lodging of this Decree, a sample letter and report is available under the “Financial Assurance - Settlements” subject list category on the Cleanup Enforcement Model Language and Sample Documents Database at <https://cfpub.epa.gov/compliance/models/>.

19. Settling Defendants providing financial assurance by means of a demonstration or guarantee under ¶ 15.e or 15.f must also:

a. annually resubmit the documents described in ¶ 16.b within 90 days after the close of the affected Settling Defendant’s or guarantor’s fiscal year;

b. notify EPA within 30 days after the affected Settling Defendant or guarantor determines that it no longer satisfies the relevant financial test criteria and requirements set forth in this Section; and

c. provide to EPA, within 30 days of EPA’s request, reports of the financial condition of the affected Settling Defendant or guarantor in addition to those specified in ¶ 16.b; EPA may make such a request at any time based on a belief that the affected Settling Defendant or guarantor may no longer meet the financial test requirements of this Section.

20. Settling Defendants shall, within thirty (30) days after the Effective Date, seek EPA’s approval of the form of Settling Defendants’ financial assurance. Within thirty (30) days after such approval, Settling Defendants shall secure all executed or otherwise finalized mechanisms or other documents consistent with the EPA-approved form of financial assurance and shall submit such mechanisms and documents to the Regional Financial Management Officer, to DOJ, and to EPA in accordance with ¶ 64.

21. Settling Defendants shall diligently monitor the adequacy of the financial assurance. If any Settling Defendant becomes aware of any information indicating that the financial assurance provided under this Section is inadequate or otherwise no longer satisfies the requirements of this Section, such Settling Defendant shall notify EPA of such information within seven (7) days. If EPA determines that the financial assurance provided under this Section is inadequate or otherwise no longer satisfies the requirements of this Section, EPA will notify the affected Settling Defendant of such determination. Settling Defendants shall, within thirty (30) days after notifying EPA or receiving notice from EPA under this Paragraph, secure and submit to EPA for approval a proposal for a revised or alternative financial assurance mechanism that satisfies the requirements of this Section. EPA may extend this deadline for such time as is reasonably necessary for the affected Settling Defendant, in the exercise of due diligence, to secure and submit to EPA a proposal for a revised or alternative financial assurance mechanism, not to exceed sixty (60) days. Settling Defendants shall follow the procedures of ¶ 21 in seeking approval of, and submitting documentation for, the revised or alternative financial assurance mechanism. Settling Defendants’ inability to secure financial assurance in accordance with this Section does not excuse performance of any other requirement of this Decree.

## **22. Access to Financial Assurance**

a. If EPA issues a notice of a Work Takeover under ¶ 11.b, then, in accordance with any applicable financial assurance mechanism, including the related standby

funding commitment, EPA may require that any funds guaranteed be paid in accordance with ¶ 20.d.

b. If EPA is notified that the issuer of a financial assurance mechanism intends to cancel the mechanism, and the affected Settling Defendant fails to provide an alternative financial assurance mechanism in accordance with this Section at least thirty (30) days prior to the cancellation date, the funds guaranteed under such mechanism must be paid prior to cancellation in accordance with ¶ 20.d.

c. If, upon issuance of a notice of a Work Takeover under ¶ 11.b, either: (1) EPA is unable for any reason to promptly secure the resources guaranteed under any applicable financial assurance mechanism, whether in cash or in kind, to continue and complete the Work; or (2) the financial assurance is a demonstration or guarantee under ¶ 15.e or 15.f, then EPA is entitled to demand an amount, as determined by EPA, sufficient to cover the cost of the remaining Work to be performed. Settling Defendants shall, within thirty (30) days after such demand, pay the amount demanded as directed by EPA.

d. Any amounts required to be paid under this ¶ 20 must be, as directed by EPA: (i) paid to EPA in order to facilitate the completion of the Work by EPA or by another person; or (ii) deposited into an interest-bearing account, established at a duly chartered bank or trust company that is insured by the Federal Deposit Insurance Corporation (“FDIC”), in order to facilitate the completion of the Work by another person. If payment is made to EPA, EPA may deposit the payment into the Fund or into the Special Account to be retained and used to conduct or finance response actions at or in connection with the Site, or to be transferred by EPA to the Fund.

**23. Modification of Amount, Form, or Terms of Financial Assurance.** Beginning after the first anniversary of the Effective Date, and no more than once per calendar year, Settling Defendants may submit a request to change the form, terms, or amount of the financial assurance mechanism. Any such request must be submitted to EPA in accordance with ¶ 18, and must include an estimate of the cost of the remaining Work, an explanation of the bases for the cost calculation, and a description of the proposed changes, if any, to the form or terms of the financial assurance. EPA will notify Settling Defendants of its decision regarding the request. Settling Defendants may initiate dispute resolution under Section XI regarding EPA’s decision within thirty (30) days after receipt of the decision. Settling Defendants may modify the form, terms, or amount of the financial assurance mechanism only: (a) in accordance with EPA’s approval; or (b) in accordance with any resolution of a dispute under Section XI. Settling Defendants shall submit to EPA, within thirty (30) days after receipt of EPA’s approval or consistent with the terms of the resolution of the dispute, documentation of the change to the form, terms, or amount of the financial assurance instrument.

**24. Release, Cancellation, or Discontinuation of Financial Assurance.** Settling Defendants may release, cancel, or discontinue any financial assurance provided under this Section only: (a) if EPA issues a Certification of Work Completion under ¶ 5.9 of the SOW; (b) in accordance with EPA’s approval of such release, cancellation, or discontinuation; or (c) if there is a dispute regarding the release, cancellation or discontinuance of any financial assurance,

in accordance with the agreement, final administrative decision, or final judicial decision resolving such dispute under Section XI.

## **VIII. INDEMNIFICATION AND INSURANCE**

### **25. Indemnification**

a. Plaintiff does not assume any liability by entering into this Decree or by virtue of any designation of Settling Defendants as EPA's authorized representative under section 104(e)(1) of CERCLA. Settling Defendants shall indemnify and save and hold harmless Plaintiff and its officials, agents, employees, contractors, subcontractors, and representatives for or from any claims or causes of action arising from, or on account of, negligent or other wrongful acts or omissions of Settling Defendants, their officers, directors, employees, agents, contractors, subcontractors, and any persons acting on Settling Defendants' behalf or under their control, in carrying out activities under this Decree, including any claims arising from any designation of Settling Defendants as EPA's authorized representatives under section 104(e)(1) of CERCLA. Further, Settling Defendants agree to pay Plaintiff all costs it incurs including attorneys' fees and other expenses of litigation and settlement arising from, or on account of, claims made against Plaintiff based on negligent or other wrongful acts or omissions of Settling Defendants, their officers, directors, employees, agents, contractors, subcontractors, and any persons acting on their behalf or under their control in carrying out activities under with this Decree. Plaintiff may not be held out as a party to any contract entered into by or on behalf of Settling Defendants in carrying out activities under this Decree. The Settling Defendants and any such contractor may not be considered an agent of Plaintiff.

b. Plaintiff shall give Settling Defendants notice of any claim for which Plaintiff plans to seek indemnification in accordance with this ¶ 23, and shall consult with Settling Defendants prior to settling such claim.

26. Settling Defendants covenant not to sue and shall not assert any claim or cause of action against Plaintiff for damages or reimbursement or for set-off of any payments made or to be made to Plaintiff, arising from or on account of any contract, agreement, or arrangement between any one or more of Settling Defendants and any person for performance of Work or other activities on or relating to the Site, including claims on account of construction delays. In addition, Settling Defendants shall indemnify and save and hold Plaintiff harmless with respect to any claims for damages or reimbursement arising from or on account of any contract, agreement, or arrangement between any one or more of Settling Defendants and any person for performance of work at or relating to the Site, including claims on account of construction delays.

27. **Insurance.** Settling Defendants shall secure, by no later than fifteen (15) days before commencing any on-site Work, the following insurance: (a) commercial general liability insurance with limits of liability of \$1 million per occurrence; (b) automobile liability insurance with limits of liability of \$1 million per accident; and (c) umbrella liability insurance with limits of liability of \$5 million in excess of the required commercial general liability and automobile liability limits. The insurance policy must name Plaintiff as an additional insured with respect to all liability arising out of the activities performed by or on behalf of Settling Defendants under

this Decree. Settling Defendants shall maintain this insurance until the first anniversary after issuance of EPA's Certification of Remedial Action Completion under ¶ 5.7 of the SOW. In addition, for the duration of this Decree, Settling Defendants shall satisfy, or shall ensure that their contractors or subcontractors satisfy, all applicable laws and regulations regarding the provision of worker's compensation insurance for all persons performing the Work on behalf of Settling Defendants in furtherance of this Decree. Prior to commencement of the Work, Settling Defendants shall provide to EPA certificates of such insurance and a copy of each insurance policy. Settling Defendants shall resubmit such certificates and copies of policies each year on the anniversary of the Effective Date. If Settling Defendants demonstrate by evidence satisfactory to EPA that any contractor or subcontractor maintains insurance equivalent to that described above, or insurance covering the same risks but in a lesser amount, then, with respect to that contractor or subcontractor, Settling Defendants need provide only that portion of the insurance described above that is not maintained by the contractor or subcontractor. Settling Defendants shall ensure that all submittals to EPA under this Paragraph identify the Brine Service Company, Inc. Superfund Site, Corpus Christi, Texas and the civil action number of this case.

## **IX. PAYMENTS FOR RESPONSE COSTS**

28. **Payment for Past Response Costs.** Within thirty (30) days after the Effective Date, Settling Defendants shall pay EPA, in reimbursement of Past Response Costs in connection with the Site, \$1,623,964.35. The Financial Litigation Unit ("FLU") of the United States Attorney's Office for the Southern District of Texas shall provide to Settling Defendants, in accordance with ¶ 64, instructions for making this payment, including a Consolidated Debt Collection System ("CDCS") reference number. Settling Defendants shall make such payment at <https://www.pay.gov> in accordance with the FLU's instructions, including references to the CDCS Number. Settling Defendants shall send notices of this payment to DOJ and EPA in accordance with ¶ 64. If the payment required under this Paragraph is late, Settling Defendants shall pay, in addition to any stipulated penalties owed under Section XII, an additional amount for Interest accrued from the Effective Date until the date of payment.

### **29. Payments by Settling Defendants for Future Response Costs**

a. **Periodic Bills.** On a periodic basis, EPA will send Settling Defendants a bill for Future Response Costs, including a SCORPIOS Report listing direct and indirect costs paid by EPA, its contractors, subcontractors, and DOJ. Settling Defendants may initiate a dispute under Section XI regarding a Future Response Cost billing, but only if the dispute relates to one or more of the following issues: (i) whether EPA has made an arithmetical error; (ii) whether EPA has included a cost item that is not within the definition of Future Response Costs; or (iii) whether EPA has paid excess costs as a direct result of an EPA action that was inconsistent with a specific provision or provisions of the NCP. Settling Defendants must specify in the Notice of Dispute the contested costs and the basis for the objection.

b. **Payment of Bill.** Settling Defendants shall pay the bill, or if they initiate dispute resolution under Section XI, the uncontested portion of the bill, if any, within thirty (30) days after receipt of the bill. Settling Defendants shall pay the contested portion of the bill determined to be owed, if any, within thirty (30) days after the determination regarding the

dispute. Each payment for: (i) the uncontested bill or portion of bill, if late, and; (ii) the contested portion of the bill determined to be owed, if any, must include an additional amount for Interest accrued from the date of receipt of the bill through the date of payment. Settling Defendants shall make payment at <https://www.pay.gov> using the “EPA Miscellaneous Payments Cincinnati Finance Center” link, and including references to the Site/Spill ID and DJ numbers listed in ¶ 64 and the purpose of the payment. Settling Defendants shall send notices of this payment to DOJ and EPA in accordance with ¶ 64.

30. **Deposit of Payments.** EPA may, in its unreviewable discretion, deposit the amounts paid under ¶¶ 26, 27.a, in the Fund, in the Special Account, or both. EPA may, in its unreviewable discretion, retain and use any amounts deposited in the Special Account to conduct or finance response actions at or in connection with the Site, or transfer those amounts to the Fund.

## **X. FORCE MAJEURE**

31. “Force majeure,” for purposes of this Decree, means any event arising from causes beyond the control of Settling Defendants, of any entity controlled by Settling Defendants, or of Settling Defendants’ contractors that delays or prevents the performance of any obligation under this Decree despite Settling Defendants’ best efforts to fulfill the obligation. Given the need to protect public health and welfare and the environment, the requirement that Settling Defendants exercise “best efforts to fulfill the obligation” includes using best efforts to anticipate any potential force majeure and best efforts to address the effects of any potential force majeure (a) as it is occurring and (b) following the potential force majeure such that the delay and any adverse effects of the delay are minimized to the greatest extent possible. “Force majeure” does not include financial inability to complete the Work or a failure to achieve the Performance Standards.

32. If any event occurs for which Settling Defendants will or may claim a force majeure, Settling Defendants shall notify EPA’s Project Coordinator by email. The deadline for the initial notice is seven (7) days after the date Settling Defendants first knew or should have known that the event would likely delay performance. Settling Defendants shall be deemed to know of any circumstance of which any contractor of, subcontractor of, or entity controlled by Settling Defendants knew or should have known. Within thirty (30) days thereafter, Settling Defendants shall send a further notice to EPA that includes: (i) a description of the event and its effect on Settling Defendants’ completion of the requirements of the Decree; (ii) a description of all actions taken or to be taken to prevent or minimize the adverse effects or delay; (iii) the proposed extension of time for Settling Defendants to complete the requirements of the Decree; (iv) a statement as to whether, in the opinion of Settling Defendants, such event may cause or contribute to an endangerment to public health or welfare, or the environment; and (v) all available proof supporting their claim of force majeure. Failure to comply with the notice requirements herein regarding an event precludes Settling Defendants from asserting any claim of force majeure regarding that event, provided, however, that if EPA, despite late or incomplete notice, is able to assess to its satisfaction whether the event is a force majeure under ¶ 29 and whether Settling Defendants have exercised their best efforts under ¶ 29, EPA may, in its unreviewable discretion, excuse in writing Settling Defendants’ failure to submit timely or complete notices under this Paragraph.

33. EPA will notify Settling Defendants of its determination whether Settling Defendants are entitled to relief under ¶ 29, and, if so, the duration of the extension of time for performance of the obligations affected by the force majeure. An extension of the time for performance of the obligations affected by the force majeure shall not, of itself, extend the time for performance of any other obligation. Settling Defendants may initiate dispute resolution under Section XI regarding EPA's determination within fifteen (15) days after receipt of the determination. In any such proceeding, Settling Defendants have the burden of proving that they are entitled to relief under ¶ 29 and that their proposed extension was or will be warranted under the circumstances.

34. The failure by EPA to timely complete any activity under the Decree or the SOW is not a violation of the Decree, provided, however, that if such failure prevents Settling Defendants from timely completing a requirement of the Decree, Settling Defendants may seek relief under this Section.

## **XI. DISPUTE RESOLUTION**

35. Unless otherwise provided in this Decree, Settling Defendants must use the dispute resolution procedures of this Section to resolve any dispute arising under this Decree. Settling Defendants shall not initiate a dispute challenging the Record of Decision. The United States may enforce any requirement of the Decree that is not the subject of a pending dispute under this Section.

36. A dispute will be considered to have arisen when one or more parties sends a written notice of dispute ("Notice of Dispute") in accordance with ¶ 64. Disputes arising under this Decree must in the first instance be the subject of informal negotiations between the parties to the dispute. The period for informal negotiations may not exceed twenty (20) days after the dispute arises, unless the parties to the dispute otherwise agree. If the parties cannot resolve the dispute by informal negotiations, the position advanced by EPA is binding unless Settling Defendants initiate formal dispute resolution under ¶ 35. By agreement of the parties, mediation may be used during this informal negotiation period to assist the parties in reaching a voluntary resolution or narrowing of the matters in dispute.

### **37. Formal Dispute Resolution**

a. **Statements of Position.** Settling Defendants may initiate formal dispute resolution by serving on the Plaintiff, within twenty (20) days after the conclusion of informal dispute resolution under ¶ 34, an initial Statement of Position regarding the matter in dispute. The Plaintiff's responsive Statement of Position is due within twenty (20) days after receipt of the initial Statement of Position. All Statements of Position must include supporting factual data, analysis, opinion, and other documentation. A reply, if any, is due within ten (10) days after receipt of the response. If appropriate, EPA may extend the deadlines for filing statements of position for up to forty-five (45) days and may allow the submission of supplemental statements of position.

b. **Formal Decision.** The Director of the Superfund and Emergency Management Division, EPA Region 6, will issue a formal decision resolving the dispute

(“Formal Decision”) based on the statements of position and any replies and supplemental statements of position. The Formal Decision is binding on Settling Defendants unless they timely seek judicial review under ¶ 36.

c. **Compilation of Administrative Record.** EPA shall compile an administrative record regarding the dispute, which must include all statements of position, replies, supplemental statements of position, and the Formal Decision.

### 38. **Judicial Review**

a. Settling Defendants may obtain judicial review of the Formal Decision by filing, within twenty (20) days after receiving it, a motion with the Court and serving the motion on all Parties. The motion must describe the matter in dispute and the relief requested. The parties to the dispute shall brief the matter in accordance with local court rules.

b. **Review on the Administrative Record.** Judicial review of disputes regarding the following issues must be on the administrative record: (i) the adequacy or appropriateness of deliverables required under the Decree; (ii) the adequacy of the performance of the Remedial Action; (iii) whether a Work Takeover is warranted under ¶ 11; (iv) determinations about financial assurance under Section VII; (v) whether a reopener condition under ¶ 47 is satisfied, including whether the Remedial Action is not protective of human health and the environment; (vi) EPA’s selection of modified or further response actions; (vii) any other items requiring EPA approval under the Decree; and (viii) any other disputes that the Court determines should be reviewed on the administrative record. For all of these disputes, Settling Defendants bear the burden of demonstrating that the Formal Decision was arbitrary and capricious or otherwise not in accordance with law.

c. Judicial review of any dispute not governed by ¶ 36.b shall be governed by applicable principles of law.

39. **Escrow Account.** For disputes regarding a Future Response Cost billing, Settling Defendants shall: (a) establish, in a duly chartered bank or trust company, an interest-bearing escrow account that is insured by the FDIC; (b) remit to that escrow account funds equal to the amount of the contested Future Response Costs; and (c) send to EPA, in accordance with ¶ 64, copies of the correspondence and of the payment documentation (*e.g.*, the check) that established and funded the escrow account, including the name of the bank, the bank account number, and a bank statement showing the initial balance in the account. EPA may, in its unreviewable discretion, waive the requirement to establish the escrow account. Settling Defendants shall cause the escrow agent to pay the amounts due to EPA under ¶ 27, if any, by the deadline for such payment in ¶ 27. Settling Defendants are responsible for any balance due under ¶ 27 after the payment by the escrow agent.

40. The initiation of dispute resolution procedures under this Section does not extend, postpone, or affect in any way any requirement of this Decree, except as EPA agrees, or as determined by the Court. Stipulated penalties with respect to the disputed matter will continue to accrue, but payment is stayed pending resolution of the dispute, as provided in ¶ 41.

## XII. STIPULATED PENALTIES

41. Unless the noncompliance is excused under Section X (Force Majeure), Settling Defendants are liable to the United States for the following stipulated penalties:

a. for any failure: (i) to pay any amount due under Section IX; (ii) to establish and maintain financial assurance in accordance with Section VII; (iii) to submit timely or adequate deliverables under Sections 7 (Deliverables) and 8 (Schedules) of the SOW:

Period of Noncompliance	Penalty Per Noncompliance Per Day
1st through 14th day	\$1,000
15th through 30th day	\$1,500
31st day and beyond	\$5,000

b. for any failure to submit timely or adequate deliverables required by this Decree other than those specified in ¶ 39.a:

Period of Noncompliance	Penalty Per Noncompliance Per Day
1st through 14th day	\$800
15th through 30th day	\$1,000
31st day and beyond	\$2,000

c. for any failure to timely complete tasks required by this Decree and/or under the Sow:

Period of Noncompliance	Penalty Per Noncompliance Per Day
1st through 14th day	\$1,000
15th through 30th day	\$1,500
31st day and beyond	\$5,000

42. **Work Takeover Penalty.** If EPA commences a Work Takeover, Settling Defendants are liable for a stipulated penalty in the amount of \$100,000. This stipulated penalty is in addition to the remedy available to EPA under ¶ 20 (Access to Financial Assurance) to fund the performance of the Work by EPA.

43. **Accrual of Penalties.** Stipulated penalties accrue from the date performance is due, or the day a noncompliance occurs, whichever is applicable, until the date the requirement is completed or the final day of the correction of the noncompliance. Nothing in this Decree prevents the simultaneous accrual of separate penalties for separate noncompliances with this Decree. Stipulated penalties accrue regardless of whether Settling Defendants have been notified of their noncompliance, and regardless of whether Settling Defendants have initiated dispute resolution under Section XI, provided, however, that no penalties will accrue as follows:

a. with respect to a submission that EPA subsequently determines is deficient under ¶ 7.6 of the SOW, during the period, if any, beginning on the 31<sup>st</sup> day after EPA's receipt of such submission until the date that EPA notifies Settling Defendants of any deficiency;

b. with respect to a matter that is the subject of dispute resolution under Section XI, during the period, if any, beginning on the 21st day after the later of the date that EPA's Statement of Position is received or the date that Settling Defendants' reply thereto (if any) is received until the date of the Formal Decision under ¶ 35.b; or

c. with respect to a matter that is the subject of judicial review by the Court under ¶ 36, during the period, if any, beginning on the 31st day after the Court's receipt of the final submission regarding the dispute until the date that the Court issues a final decision regarding such dispute.

44. **Demand and Payment of Stipulated Penalties.** EPA may send Settling Defendants a demand for stipulated penalties. The demand will include a description of the noncompliance and will specify the amount of the stipulated penalties owed. Settling Defendants may initiate dispute resolution under Section XI within thirty (30) days after receipt of the demand. Settling Defendants shall pay the amount demanded or, if they initiate dispute resolution, the uncontested portion of the amount demanded, within thirty (30) days after receipt of the demand. Settling Defendants shall pay the contested portion of the penalties determined to be owed, if any, within thirty (30) days after the resolution of the dispute. Each payment for: (a) the uncontested penalty demand or uncontested portion, if late; and (b) the contested portion of the penalty demand determined to be owed, if any, must include an additional amount for Interest accrued from the date of receipt of the demand through the date of payment. Settling Defendants shall make payment at <https://www.pay.gov> using the link for "EPA Miscellaneous Payments Cincinnati Finance Center," including references to the Site/Spill ID and DJ numbers listed in ¶ 64, and the purpose of the payment. Settling Defendants shall send a notice of this payment to DOJ and EPA, in accordance with ¶ 64. The payment of stipulated penalties and Interest, if any, does not alter any obligation by Settling Defendants under the Decree.

45. Nothing in this Decree limits the authority of the United States: (a) to seek any remedy otherwise provided by law for Settling Defendants' failure to pay stipulated penalties or interest; or (b) to seek any other remedies or sanctions available by virtue of Settling Defendants' noncompliances with this Decree or of the statutes and regulations upon which it is based, including penalties under section 122(l) of CERCLA, provided, however, that the United States may not seek civil penalties under section 122(l) of CERCLA for any noncompliance for which a stipulated penalty is provided for in this Decree, except in the case of a willful noncompliance with this Decree.

46. Notwithstanding any other provision of this Section, the United States may, in its unreviewable discretion, waive any portion of stipulated penalties that have accrued under this Decree.

### **XIII. COVENANTS BY PLAINTIFF**

47. **Covenants for Settling Defendants.** Subject to ¶¶ 47 and 48, the United States covenants not to sue or to take administrative action against Settling Defendants under sections 106 and 107(a) of CERCLA regarding the Site.

48. The covenants under ¶ 45: (a) take effect upon the Effective Date, except with respect to future liability, for which these covenants take effect upon Certification of Remedial Action Completion by EPA under ¶ 5.7 of the SOW; (b) are conditioned on the satisfactory performance by Settling Defendants of the requirements of this Decree; (c) extend to the successors of each Settling Defendant but only to the extent that the alleged liability of the successor of the Settling Defendant is based solely on its status as a successor of the Settling Defendant; and (d) do not extend to any other person.

**49. United States' Pre- and Post-certification Reservations**

a. Notwithstanding any other provision of this Decree, the United States reserves, and this Decree is without prejudice to, the right to issue an administrative order or to institute proceedings in this action or in a new action seeking to compel Settling Defendants to perform further response actions relating to the Site, to pay the United States for additional costs of response, or any combination thereof. The United States may exercise this reservation only if, at any time, conditions at the Site previously unknown to EPA are discovered, or information previously unknown to EPA is received, and EPA determines, based in whole or in part on these previously unknown conditions or information, that the Remedial Action is not protective of human health or the environment.

b. Before certification of Remedial Action Completion, the information and the conditions known to EPA include only that information and those conditions known to EPA as of the date the Record of Decision was signed and set forth in the Record of Decision for the Site and the administrative record supporting the Record of Decision.

c. After certification of Remedial Action Completion, the information and the conditions known to EPA include only that information and those conditions known to EPA as of the date of Certification of Remedial Action Completion and set forth in the Record of Decision, the administrative record supporting the Record of Decision, the post-Record of Decision administrative record, or in any information received by EPA in accordance with the requirements of this Decree prior to Certification of Remedial Action Completion.

**50. General Reservations.** Notwithstanding any other provision of this Decree, the United States reserves, and this Decree is without prejudice to, all rights against Settling Defendants regarding the following:

a. liability for failure by Settling Defendants to meet a requirement of this Decree;

b. liability arising from the past, present, or future disposal, release, or threat of release of Waste Material outside of the Site;

c. liability based on Settling Defendants' ownership of the Site when such ownership commences after Settling Defendants' signature of this Decree;

d. liability based on Settling Defendants' operation of the Site when such operation commences after Settling Defendants' signature of this Decree and does not arise solely from Settling Defendants' performance of the Work;

e. liability based on Settling Defendants' transportation, treatment, storage, or disposal, or arrangement for transportation, treatment, storage, or disposal of Waste Material at or in connection with the Site, after signature of this Decree by Settling Defendants, other than as provided in the Record of Decision, under this Decree, or ordered by EPA;

f. liability, prior to achievement of Performance Standards, for additional response actions that EPA determines are necessary to achieve and maintain Performance Standards or to carry out and maintain the effectiveness of the Remedial Action, but that are not covered by ¶ 9.b;

g. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments; and

h. criminal liability.

51. Subject to ¶ 45, nothing in this Decree limits any authority of Plaintiff to take, direct, or order all appropriate action to protect human health and the environment or to prevent, abate, respond to, or minimize an actual or threatened release of Waste Material on, at, or from the Site, or to request a Court to order such action.

#### **XIV. COVENANTS BY SETTLING DEFENDANTS**

##### **52. Covenants by Settling Defendants**

a. Subject to ¶ 51, Settling Defendants covenant not to sue and shall not assert any claim or cause of action against the United States under CERCLA, section 7002(a) of RCRA, the United States Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, the State Constitution, State law, or at common law regarding the Site.

b. Subject to ¶ 51, Settling Defendants covenant not to seek reimbursement from the Fund through CERCLA or any other law for costs regarding the Site.

53. **Settling Defendants' Reservation.** The covenants in ¶ 50 do not apply to any claim or cause of action brought, or order issued, after the Effective Date by the United States to the extent such claim, cause of action, or order is within the scope of a reservation under ¶¶ 47, and 48.a through 48.g.

54. **De Minimis/Ability to Pay Waiver.** Settling Defendants shall not assert any claims and waive all claims or causes of action (including claims or causes of action under sections 107(a) and 113 of CERCLA) that they may have against any third party who enters or has entered into a *de minimis* or "ability-to-pay" settlement with EPA to the extent Settling Defendants' claims and causes of action are within the scope of the matters addressed in the third party's settlement with EPA, provided, however, that this waiver does not apply if the third party asserts a claim or cause of action regarding the Site against the Settling Defendants. Nothing in the Decree limits Settling Defendants' rights under section 122(d)(2) of CERCLA to comment on any *de minimis* or ability-to-pay settlement proposed by EPA.

## **XV. EFFECT OF SETTLEMENT; CONTRIBUTION**

55. The Parties agree and the Court finds that: (a) the complaint filed by the United States in this action is a civil action within the meaning of section 113(f)(1) of CERCLA; (b) this Decree constitutes a judicially approved settlement under which each Settling Defendant has, as of the Effective Date, resolved its liability to the United States within the meaning of sections 113(f)(2) and 113(f)(3)(B) of CERCLA; and (c) each Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by section 113(f)(2) of CERCLA, or as may be otherwise provided by law, for the “matters addressed” in this Decree. The “matters addressed” in this Decree are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States or any other person, except for the State, provided, however, that if the United States exercises rights under the reservations in ¶ 47 and ¶¶ 48.a through 48.e, the “matters addressed” in this Decree will no longer include those response costs or response actions or natural resource damages that are within the scope of the exercised reservation.

56. Each Settling Defendant shall, with respect to any suit or claim brought by it for matters related to this Decree, notify DOJ and EPA no later than sixty (60) days prior to the initiation of such suit or claim. Each Settling Defendant shall, with respect to any suit or claim brought against it for matters related to this Decree, notify DOJ and EPA within ten (10) days after service of the complaint on such Settling Defendant. In addition, each Settling Defendant shall notify DOJ and EPA within ten (10) days after service or receipt of any Motion for Summary Judgment and within ten (10) days after receipt of any order from a court setting a case for trial.

57. **Res Judicata and Other Defenses.** In any subsequent administrative or judicial proceeding initiated against any Settling Defendant by Plaintiff for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, claim preclusion (res judicata), issue preclusion (collateral estoppel), claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case.

58. Nothing in this Decree diminishes the right of the United States under section 113(f)(2) and (3) of CERCLA to pursue any person not a party to this Decree to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to section 113(f)(2).

## **XVI. RECORDS**

59. **Settling Defendant Certification.** Each Settling Defendant certifies individually that: (a) it has implemented a litigation hold on documents and electronically stored information relating to the Site, including information relating to its potential liability under CERCLA regarding the Site, since the earlier of notification of potential liability by the United States or the State or the filing of suit against it regarding the Site; and (b) it has fully complied with any and

all EPA requests for information under sections 104(e) and 122(e) of CERCLA, and section 3007 of RCRA.

**60. Retention of Records and Information**

a. Settling Defendants shall retain, and instruct their contractors and agents to retain, the following documents and electronically stored data (“Records”) until ten (10) years after the Certification Completion of the Work under SOW ¶ 5.9 (the “Record Retention Period”):

- (1) All records regarding Settling Defendants’ liability under CERCLA regarding the Site;
- (2) All reports, plans, permits, and documents submitted to EPA in accordance with this Decree, including all underlying research and data; and
- (3) All data developed by, or on behalf of, Settling Defendants in the course of performing the Remedial Action.

b. At the end of the Record Retention Period, Settling Defendants shall notify EPA that it has ninety (90) days to request the Settling Defendants’ Records subject to this Section. Settling Defendants shall retain and preserve their Records subject to this Section until ninety (90) days after EPA’s receipt of the notice. These record retention requirements apply regardless of any corporate record retention policy.

61. Settling Defendants shall provide to EPA, upon request, copies of all Records and information required to be retained under this Section. Settling Defendants shall also make available to EPA, for purposes of investigation, information gathering, or testimony, their employees, agents, or representatives with knowledge of relevant facts concerning the performance of the Work.

**62. Privileged and Protected Claims**

a. Settling Defendants may assert that all or part of a record requested by Plaintiff is privileged or protected as provided under federal law, in lieu of providing the record, provided that Settling Defendants comply with ¶ 60.b, and except as provided in ¶ 60.c.

b. If Settling Defendants assert a claim of privilege or protection, they shall provide Plaintiff with the following information regarding such record: its title; its date; the name, title, affiliation (e.g., company or firm), and address of the author, of each addressee, and of each recipient; a description of the record’s contents; and the privilege or protection asserted. If a claim of privilege or protection applies only to a portion of a record, Settling Defendants shall provide the record to Plaintiff in redacted form to mask the privileged or protected portion only. Settling Defendants shall retain all records that they claim to be privileged or protected until Plaintiff has had a reasonable opportunity to dispute the privilege or protection claim and any such dispute has been resolved in Settling Defendants’ favor.

c. Settling Defendants shall not make any claim of privilege or protection regarding: (1) any data regarding the Site, including all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, radiological or engineering data, or the portion of any other record that evidences conditions at or around the Site; or (2) the portion of any record that Settling Defendants are required to create or generate in accordance with this Decree.

63. **Confidential Business Information (CBI) Claims.** Settling Defendants may claim that all or part of a record provided to Plaintiff under this Section is CBI to the extent permitted by and in accordance with section 104(e)(7) of CERCLA and 40 C.F.R. § 2.203(b). Settling Defendants shall segregate and shall clearly identify all records or parts thereof submitted under this Decree for which they claim is CBI by labeling each page or each electronic file “claimed as confidential business information” or “claimed as CBI.” Records that Settling Defendants claim to be CBI will be afforded the protection specified in 40 C.F.R. part 2, subpart B. If no CBI claim accompanies records when they are submitted to EPA, or if EPA notifies Settling Defendants that the records are not entitled to confidential treatment under the standards of section 104(e)(7) of CERCLA or 40 C.F.R. part 2, subpart B, the public may be given access to such records without further notice to Settling Defendants.

64. In any proceeding under this Decree, validated sampling or monitoring data generated in accordance with the SOW and reviewed and approved by EPA, if relevant to the proceeding, is admissible as evidence, without objection.

65. Notwithstanding any provision of this Decree, Plaintiff retains all of its information gathering and inspection authorities and rights, including enforcement actions related thereto, under CERCLA, RCRA, and any other applicable statutes or regulations.

## **XVII. NOTICES AND SUBMISSIONS**

66. All agreements, approvals, consents, deliverables, modifications, notices, notifications, objections, proposals, reports, waivers, and requests specified in this Decree must be in writing unless otherwise specified. Whenever a notice is required to be given or a report or other document is required to be sent by one Party to another under this Decree, it must be sent as specified below. All notices under this Section are effective upon receipt, unless otherwise specified. In the case of emailed notices, there is a rebuttable presumption that such notices are received on the same day that they are sent. Any Party may change the method, person, or address applicable to it by providing notice of such change to all Parties.

## **XVIII. APPENDIXES**

67. The following appendixes are attached to and incorporated into this Decree:

“Appendix A” is the Record of Decision.

“Appendix B” is the SOW.

“Appendix C” is the description [and/or] map of the Site.

“Appendix D” is the complete list of Settling Defendants.

## **XIX. MODIFICATIONS TO DECREE**

68. Except as provided in ¶ 9 of the Decree and ¶ 7.6 of the SOW (Approval of Deliverables), nonmaterial modifications to Sections I through XXIII and the Appendixes must be in writing and are effective when signed (including electronically signed) by the Parties. Material modifications to Sections I through XXIII and the Appendixes must be in writing, signed (which may include electronically signed) by the Parties, and are effective upon approval by the Court. As to changes to the remedy, a modification to the Decree, including the SOW, to implement an amendment to the Record of Decision that “fundamentally alters the basic features” of the Remedial Action within the meaning of 40 C.F.R. § 300.435(c)(2)(ii) will be considered a material modification.

## **XX. SIGNATORIES**

69. The undersigned representative of the United States and each undersigned representative of a Settling Defendant certifies that he or she is fully authorized to enter into the terms and conditions of this Decree and to execute and legally bind such Party to this document.

## **XXI. PRE-ENTRY PROVISIONS**

70. If for any reason the Court should decline to approve this Decree in the form presented, this agreement, except for ¶ 69 and ¶ 70, is voidable at the sole discretion of any Party and its terms may not be used as evidence in any litigation between the Parties.

71. This Decree will be lodged with the Court for at least 30 days for public notice and comment in accordance with section 122(d)(2) of CERCLA and 28 C.F.R. § 50.7. The United States may withdraw or withhold its consent if the comments regarding the Decree disclose facts or considerations that indicate that the Decree is inappropriate, improper, or inadequate.

72. Settling Defendants agree to not oppose or appeal the entry of this Decree.

## **XXII. INTEGRATION**

73. This Decree constitutes the entire agreement among the Parties regarding the subject matter of the Decree and supersedes all prior representations, agreements, and understandings, whether oral or written, regarding the subject matter of the Decree.

## **XXIII. FINAL JUDGMENT**

74. Upon entry of this Decree by the Court, this Decree constitutes a final judgment under Fed. R. Civ. P. 54 and 58 among the Parties.

**SO ORDERED** this \_\_\_\_ day of \_\_\_\_\_, 20\_\_.

## 1. INTRODUCTION

**1.1 Purpose of SOW.** This SOW sets forth the procedures and requirements for implementing the Work.

### 1.2 Structure of the SOW

- Section 2 (Community Involvement) sets forth EPA's and Settling Defendants' responsibilities for community involvement.
- Section 3 (Coordination and Supervision) contains the provisions for selecting the Supervising Contractor and Project Coordinators regarding the Work.
- Section 4 (Remedial Design) sets forth the process for developing the Remedial Design, which includes the submission of specified primary deliverables.
- Section 5 (Remedial Action) sets forth requirements regarding the completion of the Remedial Action, including primary deliverables related to completion of the Remedial Action.
- Section 6 (Reporting) sets forth Settling Defendants' reporting obligations.
- Section 7 (Deliverables) describes the contents of the supporting deliverables and the general requirements regarding Settling Defendants' submission of, and EPA's review of, approval of, comment on, and/or modification of, the deliverables.
- Section 8 (Schedules) sets forth the schedule for submitting the primary deliverables, specifies the supporting deliverables that must accompany each primary deliverable, and sets forth the schedule of milestones regarding the completion of the Remedial Action.
- Section 9 (State Participation) addresses State participation.
- Section 10 (References) provides a list of references, including URLs.

**1.3** The Scope of the Remedy includes the actions described in Section 19 (Selected Remedy) of the Record of Decision, including:

- **In-situ solidification of sludge and/or reworked soil/waste (South Pit)** – Targeted areas of the South Pit containing light non-aqueous phase liquids (“LNAPL”) and waste sludge will be solidified in-situ. In-situ solidification uses mechanical equipment, such as augers or buckets, to mix binding agents to the waste leaving the resultant solidified material in place. Approximately 25% of the South Pit area has Waste Materials that are targeted for solidification. The precise location and extent of the targeted area will be verified with field studies during the Remedial Design.
- **Single-component cap (South Pit)** – A single-component cap will be installed over the Waste Materials in the South Pit. The cap will control contaminant migration by limiting infiltration of rain through the solidified Waste Materials. Waste Materials adjacent to and under the Site buildings and beneath and east of the pipeline corridor will not be solidified or capped.
- **LNAPL recovery** – Readily recoverable LNAPL will be removed as a source control measure on-site prior to implementation of in-situ solidification. An LNAPL investigation will be conducted to identify prospective locations for recovery wells. Recovery wells will be installed, and LNAPL will be removed periodically using manual recovery methods and equipment, such as bailers, vacuum trucks, or skimmer pumps. An LNAPL recovery plan will be developed which will describe the criteria for transitioning to a monitored natural attenuation (“MNA”) remedy.
- **Groundwater monitoring with MNA remedy** – As part of an eventual MNA remedy, EPA will rely on natural processes to decrease or attenuate concentrations of contaminants in soil and

groundwater, and conditions will be monitored to ensure natural attenuation is achieved. Specifically, groundwater samples will be collected and analyzed for the presence of contaminants and other Site characteristics. After the installation of permanent groundwater monitoring wells, a groundwater monitoring program will be implemented to demonstrate groundwater plume stability and to assess groundwater exposure to chemicals of concern.

- **Surface soil removal (North Pit area)** – Approximately 1,250 cubic yards (cy) of soil in the North Pit area and adjacent to the East Ditch will be excavated to a depth of 18 inches below ground surface (bgs), containerized, and transported to a regulated off-site disposal facility.
- **East Ditch sediment cap operation and maintenance (“O&M”)** – The remedy includes O&M activities, including inspections, repairs, maintenance, and reporting, for the East Ditch sediment cap. The East Ditch sediment cap was constructed in December 2017 and extended in February 2020 to prevent hydrocarbon intrusion into the East Ditch from contaminated groundwater. The sediment cap will remain in place at the Site as part of the Remedial Action.
- **Institutional Controls (“ICs”)** - ICs prohibiting groundwater usage will be placed on the Site and any impacted off-site properties. An IC requiring commercial/industrial land usage will be placed on the on-site properties. Although vapor intrusion does not currently present an unacceptable risk, ICs will require that potential risks associated with the vapor intrusion pathway be evaluated prior to future building construction in the South Pit area. The requirements for filing land use restrictions in the State of Texas are specified in Title 30, Texas Administrative Code (TAC), Chapter 350, Subchapter F. The implementation of the ICs is subject to the approval of the Site’s property owners.

- 1.4** The terms used in this SOW that are defined in CERCLA, in regulations promulgated under CERCLA, or in the Consent Decree (“Decree”), have the meanings assigned to them in CERCLA, in such regulations, or in the Decree, except that the term “Paragraph” or “¶” means a paragraph of the SOW, and the term “Section” means a section of the SOW, unless otherwise stated.

## **2. COMMUNITY INVOLVEMENT**

- 2.1** As requested by EPA, Settling Defendants shall conduct community involvement activities under EPA’s oversight as provided for in, and in accordance with this Section. Such activities must include designation of a Community Involvement Coordinator (“CI Coordinator”).

### **2.2 Community Involvement Responsibilities**

- (a) EPA has the lead responsibility for developing and implementing community involvement activities at the Site. Previously, during the Remedial Investigation and Feasibility Study (“RI/FS”) phase, EPA developed a Community Involvement Plan (“CIP”) for the Site. EPA updated the CIP in March 2019. In accordance with 40 C.F.R. § 300.435(c), EPA shall review the existing CIP and determine whether it should be revised to describe further public involvement activities during the Work that are not already addressed or provided for in the existing CIP.
- (b) **Settling Defendants’ CI Coordinator.** As requested by EPA, Settling Defendants shall, within fifteen (15) days, designate and notify EPA of Settling Defendants’ CI Coordinator. Settling Defendants may hire a contractor for this purpose. Settling

Defendants' notice must include the name, title, and qualifications of the Settling Defendants' CI Coordinator. Settling Defendants' CI Coordinator shall coordinate his/her activities with EPA's CI Coordinator, provide support regarding EPA's community involvement activities, and, as requested by EPA's CI Coordinator, provide draft responses to the public's inquiries including requests for information or data about the Site. The Settling Defendants' CI Coordinator has the responsibility to ensure that when they communicate with the public, the Settling Defendants protect any "Personally Identifiable Information" ("PII") (*e.g.* sample results from residential properties) in accordance with "EPA Policy 2151.0: Privacy Policy."

- (c) As requested by EPA, Settling Defendants shall participate in community involvement activities, including participation in: (1) public meetings, community meetings, and information sessions that may be held or sponsored by EPA to explain activities at or relating to the Site (with interpreters present for community members with limited English proficiency); and (2) other activities EPA decides are necessary to protect and address the concerns of environmental justice ("EJ") and disadvantaged communities. Settling Defendants' support of EPA's community involvement activities may include providing online access to initial submissions and updates of deliverables to: (1) any Community Advisory Groups, (2) any Technical Assistance Grant ("TAG") recipients and their advisors, and (3) other entities to provide them with a reasonable opportunity for review and comment. EPA may describe in its CIP Settling Defendants' responsibilities for community involvement activities. All community involvement activities conducted by Settling Defendants at EPA's request are subject to EPA's oversight. Upon EPA's request, Settling Defendants shall establish, as early as is feasible, a community information repository at or near the Site, as provided in the CIP, to house one copy of the administrative record.
- (d) **Information for the Community.** As requested by EPA, Settling Defendants shall develop and provide to EPA information about the design and implementation of the remedy including: (1) any validated data from monitoring of impacts to communities as provided in the Community Impact Mitigation Plan under ¶ 7.7(g); (2) results from unvalidated sampling as provided under ¶ 7.7(f)(7); (3) a copy of the Community Impacts Mitigation Plan required under ¶ 7.7(g); (4) schedules prepared under Section 8; (5) dates that Settling Defendants completed each task listed in the schedules; and (6) digital photographs of the Work being performed, together with descriptions of the Work depicted in each photograph, the purpose of the Work, the equipment being used, and the location of the Work. The EPA Project Coordinator may use this information for communication to the public via EPA's website, social media, or local and mass media. The information provided to EPA should be suitable for sharing with the public and the education levels of the community as indicated in EJ Screen. Translations should be in the dominant language(s) of community members with limited English proficiency.
- (1) **Logistics and Presentation Support.** Settling Defendants shall assist EPA in selecting and reserving meeting space for public meetings, community meetings, and information sessions, as well as help EPA in coordinating the logistics for such events. This includes helping to set up and take down the seating arrangements, tables, presentation equipment, and any visual displays used during

the meetings. Settling Defendants shall also prepare presentation materials (*e.g.*, transparencies, slides, and/or handouts) as instructed by EPA. Presentation materials shall be approved by EPA before distribution or use.

- (2) **Technical Support.** Settling Defendants shall provide technical support to EPA to conduct community relations activities. This support may include preparing technical input for news releases, briefing materials and other community relations media; arranging for Site tours upon request; and helping EPA to coordinate with local agencies, as requested.
- (3) **Fact Sheet Preparation Support.** Settling Defendants shall assist EPA to prepare fact sheets that inform the public about activities related to the Work at the Site. Fact sheets may include information about schedules for the Work; field investigations conducted at the Site; anticipated and/or ongoing construction activities; measures to be taken to protect the community; provisions for responding to accidental or emergency releases and spills; any potential inconveniences to the community, such as excess traffic and noise expected during the performance of the Work; and other topics as required by EPA. EPA will determine the final content of all fact sheets related to the Work.

### 3. COORDINATION AND SUPERVISION

#### 3.1 Project Coordinators

- (a) Settling Defendants' Project Coordinator must have sufficient technical expertise to coordinate the Work. Settling Defendants' Project Coordinator may not be an attorney representing any Settling Defendant in this matter and may not act as the Supervising Contractor. Settling Defendants' Project Coordinator may assign other representatives, including other contractors, to assist in coordinating the Work.
- (b) EPA shall designate and notify the Settling Defendants of EPA's Project Coordinator(s) and Alternate Project Coordinator(s). EPA may designate other representatives, which may include its employees, contractors, and/or consultants, to oversee the Work. EPA's Project Coordinator/Alternate Project Coordinator will have the same authority as a remedial project manager and/or an on-scene coordinator, as described in the National Oil and Hazardous Substances Pollution Contingency Plan ("NCP"). This includes the authority to halt the Work and/or to conduct or direct any necessary response action when it is determined that conditions at the Site constitute an emergency or may present an immediate threat to public health or welfare or the environment due to a release or threatened release of Waste Material.
- (c) Settling Defendants' Project Coordinators shall communicate with EPA's Project Coordinator at least weekly.

- 3.2 **Supervising Contractor.** Settling Defendants' proposed Supervising Contractor must have sufficient technical expertise to supervise the Work and a quality assurance system that complies with the most recent version of *Quality Systems for Environmental Data and Technology Programs -- Requirements with Guidance for Use* (American National Standard), ANSI/ASQC E4 (Feb. 2014).

### **3.3 Procedures for Disapproval/Notice to Proceed**

- (a) Settling Defendants shall designate, and notify EPA, within ten (10) days after the Effective Date, of the name(s), title(s), contact information, and qualifications of the Settling Defendants' proposed Project Coordinator and Supervising Contractor, whose qualifications shall be subject to EPA's review for verification based on objective assessment criteria (*e.g.*, experience, capacity, technical expertise) and do not have a conflict of interest with respect to the project.
- (b) EPA shall issue notices of disapproval and/or authorizations to proceed regarding any proposed Project Coordinator and Supervising Contractor, as applicable. If EPA issues a notice of disapproval, Settling Defendants shall, within thirty (30) days, submit to EPA a list of supplemental proposed Project Coordinators and/or Supervising Contractors, as applicable, including a description of the qualifications of each. Settling Defendants may select any coordinator/contractor covered by an authorization to proceed and shall, within twenty-one (21) days, notify EPA of Settling Defendants' selection.
- (c) EPA may disapprove the proposed Project Coordinator, the Supervising Contractor, or both, based on objective assessment criteria (*e.g.*, experience, capacity, technical expertise), if they have a conflict of interest regarding the project, or any combination of these factors.
- (d) Settling Defendants may change their Project Coordinator and/or Supervising Contractor, or both, by following the procedures of §§ 3.3(a) and 3.3(b).

## **4. REMEDIAL DESIGN**

### **4.1 Remedial Design Work Plan ("RDWP").** Settling Defendants shall submit a RDWP for EPA approval. The RDWP must include:

- (a) Plans for implementing all Remedial Design activities identified in this SOW, in the RDWP, or required by EPA to be conducted to develop the Remedial Design;
- (b) A description of the overall management strategy for performing the Remedial Design, including a proposal for phasing of design and construction, if applicable;
- (c) A description of the proposed general approach to contracting, construction, operation, maintenance, and monitoring of the Remedial Action as necessary to implement the Work;
- (d) A description of the responsibility and authority of all organizations and key personnel involved with the development of the Remedial Design;
- (e) Descriptions of any areas requiring clarification and/or anticipated problems (*e.g.*, data gaps);
- (f) Description of any proposed pre-design investigation;
- (g) Description of any proposed treatability study or pilot study;

- (h) Descriptions of any applicable permitting requirements and other regulatory requirements;
- (i) Description of plans for obtaining access in connection with the Work, such as property acquisition, property leases, and/or easements; and
- (j) The following supporting deliverables described in ¶ 7.7 (Supporting Deliverables): Health and Safety Plan, Emergency Response Plan; Field Sampling Plan; and Quality Assurance Project Plan.

**4.2 Institutional Controls Implementation and Assurance Plan (“ICIAP”).** Settling Defendants shall submit a proposed ICIAP for EPA approval. The ICIAP should describe plans to implement, maintain, monitor, and enforce the Institutional Controls (“ICs”) at the Site. The ICIAP shall include plans to commence implementing ICs as early as is feasible, including before EPA approval of the 100% design under ¶ 4.9. The ICIAP also should include procedures for effective and comprehensive review of implemented ICs, procedures for the solicitation of input from affected communities regarding the implementation of ICs, procedures to periodically review and determine if the ICs are having their intended effect, and if not, procedures for the development, approval and implementation of alternative, more effective ICs. Settling Defendants shall develop the ICIAP in accordance with *Institutional Controls: A Guide to Planning, Implementing, Maintaining, and Enforcing Institutional Controls at Contaminated Sites*, OSWER 9355.0-89, EPA/540/R-09/001 (Dec. 2012), and *Institutional Controls: A Guide to Preparing Institutional Controls Implementation and Assurance Plans at Contaminated Sites*, OSWER 9200.0-77, EPA/540/R-09/02 (Dec. 2012). Settling Defendants also shall consider including in the ICIAP the establishment of effective Long-Term Stewardship procedures including those described in EPA Memorandum: *Advanced Monitoring Technologies and Approaches to Support Long-Term Stewardship* (July 20, 2018). The ICIAP must include the following additional requirements:

- (a) Locations of recorded real property interests (*e.g.*, easements, liens) and resource interests in the property that may affect ICs (*e.g.*, surface, mineral, and water rights) including accurate mapping and geographic information system (GIS) coordinates of such interests; and
- (b) Legal descriptions and survey maps that are prepared according to current Texas Land Title Association (“TLTA”) Survey guidelines and certified by a licensed surveyor.

**4.3** Settling Defendants shall communicate regularly with EPA to discuss design issues as necessary, as directed or determined by EPA.

**4.4 Pre-Design Investigation (“PDI”).** The purpose of the PDI is to address data gaps by conducting additional field investigations.

- (a) **PDI Work Plan.** Settling Defendants shall submit a PDI Work Plan (“PDIWP”) for EPA approval. The PDIWP must include:
  - (1) An evaluation and summary of existing data and description of data gaps;

- (2) A sampling plan including media to be sampled, contaminants or parameters for which sampling will be conducted, location (areal extent and depths), and number of samples; and
  - (3) Cross references to quality assurance/quality control (“QA/QC”) requirements set forth in the Quality Assurance Project Plan (“QAPP”) as described in ¶ 7.7(d).
- (b) Following the PDI, Settling Defendants shall submit a PDI Evaluation Report for approval. This report must include:
  - (1) Summary of the investigations performed;
  - (2) Summary of investigation results;
  - (3) Summary of validated data (*i.e.*, tables and graphics);
  - (4) Data validation reports and laboratory data reports;
  - (5) Narrative interpretation of data and results;
  - (6) Results of statistical and modeling analyses;
  - (7) Photographs documenting the work conducted; and
  - (8) Conclusions and recommendations for Remedial Design, including design parameters and criteria.
- (c) EPA may require Settling Defendants to supplement the PDI Evaluation Report and/or to perform additional pre-design studies.

#### **4.5 Pilot Study (“PS”).**

- (a) Settling Defendants shall perform a PS for the purpose of finalizing the reagents and mixing methodology that will be used to remediate LNAPL and sludge and/or reworked soil/waste. As part of the PS, the Settling Defendants shall conduct a pilot test of solidification technology to: (i) determine the ratio of the reagent components and sludge that would best meet an unconfined compressive strength (“UCS”) performance criterion for Site conditions; and (ii) evaluate the mixing approach used during the Remedial Action. The Settling Defendants shall also perform field studies utilizing techniques to identify areas with hydrocarbons present above residual saturation, to provide data for the placement of LNAPL recovery wells, and to determine the effectiveness of solidification treatment options.
- (b) Settling Defendants shall submit a PS Work Plan (“PSWP”) for EPA approval. Settling Defendants shall prepare the PSWP in accordance with EPA’s *Guide for Conducting Treatability Studies under CERCLA, Final* (Oct. 1992), as supplemented for Remedial Design by the *Remedial Design/Remedial Action Handbook*, EPA 540/R-95/059 (June 1995).

- (c) Following completion of the PS, Settling Defendants shall submit a PS Evaluation Report for EPA comment.
- (d) EPA may require Settling Defendants to supplement the PS Evaluation Report and/or to perform additional treatability or pilot studies.

**4.6 Preliminary (30%) Remedial Design.** Settling Defendants shall submit a Preliminary (30%) Remedial Design for EPA's comment. The Preliminary Remedial Design must include:

- (a) A design criteria report, as described in the *Remedial Design/Remedial Action Handbook*, EPA 540/R-95/059 (June 1995);
- (b) Preliminary drawings and specifications;
- (c) Descriptions of permit requirements, if applicable;
- (d) Preliminary Operation and Maintenance ("O&M") Plan and O&M Manual;
- (e) A description of how the Remedial Action will be implemented in a manner that minimizes environmental impacts in accordance with EPA's *Principles for Greener Cleanups* (Aug. 2009);
- (f) A description of monitoring and control measures to protect human health and the environment, such as air monitoring, and measures to reduce and manage traffic, noise, odors, and dust, during the Remedial Action in accordance with the Community Involvement Handbook pp. 53-66 (text box on p. 55) to minimize community impacts;
- (g) Any proposed revisions to the Remedial Action Schedule that is set forth in ¶ 8.3 (Remedial Action Schedule); and
- (h) Updates of all supporting deliverables required to accompany the RDWP and the following additional supporting deliverables described in ¶ 7.7 (Supporting Deliverables): Field Sampling Plan; Quality Assurance Project Plan; Site Wide Monitoring Plan; Community Impacts Mitigation Plan, Construction Quality Assurance/Quality Control Plan; Transportation and Off-Site Disposal Plan; O&M Plan; and O&M Manual.

**4.7 Intermediate (60%) Remedial Design.** Settling Defendants shall submit the Intermediate (60%) Remedial Design for EPA's comment. The Intermediate Remedial Design must: (a) be a continuation and expansion of the Preliminary Remedial Design; (b) address EPA's comments regarding the Preliminary Remedial Design; and (c) include the same elements as are required for the Preliminary (30%) Remedial Design.

**4.8 Pre-Final (95%) Remedial Design.** Settling Defendants shall submit the Pre-final (95%) Remedial Design for EPA's comment. The Pre-final Remedial Design must be a continuation and expansion of the previous design submittal and must address EPA's comments regarding the Intermediate Remedial Design. The Pre-final Remedial Design will serve as the approved Final (100%) Remedial Design if EPA approves the Pre-final Remedial Design without comments. The Pre-final Remedial Design must include:

- (a) A complete set of construction drawings and specifications that are: (1) certified by a registered professional engineer; (2) suitable for procurement; and (3) follow the Construction Specifications Institute's MasterFormat 2020 Edition {<https://www.csiresources.org/home>};
- (b) A survey and engineering drawings showing existing Site features, such as elements, property borders, easements, and Site conditions;
- (c) Pre-Final versions of the same elements and deliverables as are required for the Preliminary/Intermediate Remedial Design;
- (d) A specification for photographic documentation of the Remedial Action; and
- (e) Updates of all supporting deliverables required to accompany the Preliminary (30%) Remedial Design.

**4.9 Final (100%) Remedial Design.** Settling Defendants shall submit the Final (100%) Remedial Design for EPA approval. The Final Remedial Design must address EPA's comments on the Pre-final Remedial Design and must include final versions of all Pre-final Remedial Design deliverables.

## **5. REMEDIAL ACTION**

**5.1 Remedial Action Work Plan ("RAWP").** Settling Defendants shall submit a RAWP for EPA approval that includes:

- (a) A proposed Remedial Action Construction Schedule in a critical path method and Gantt chart format;
- (b) An updated health and safety plan that covers activities during the Remedial Action; and
- (c) Plans for satisfying permitting requirements, including obtaining permits for off-site activity and for satisfying substantive requirements of permits for on-site activity, if applicable

### **5.2 Meetings and Inspections**

- (a) **Preconstruction Conference.** Settling Defendants shall hold a preconstruction conference with EPA and others as directed or approved by EPA and as described in the *Remedial Design/Remedial Action Handbook*, EPA 540/R-95/059 (June 1995). Settling Defendants shall prepare minutes of the conference and shall distribute the minutes to all Parties.
- (b) **Periodic Communications.** During the construction portion of the Remedial Action ("Remedial Action Construction"), Settling Defendants shall communicate regularly, at least on a weekly basis, with EPA, and others as directed or determined by EPA, to discuss construction issues. Settling Defendants shall distribute an agenda and list of attendees to all Parties prior to each meeting or telephone call. Settling Defendants shall prepare minutes of the meetings or calls and shall distribute the minutes to all Parties within five (5) business days of the meeting or call.

(c) **Inspections**

- (1) EPA or its representative shall conduct periodic inspections of and/or have an on-site presence during the Work. At EPA's request, the Supervising Contractor or other designee shall accompany EPA or its representative during inspections.
- (2) Settling Defendants shall provide on-site office space for EPA personnel, EPA-authorized oversight officials/contractors, and TCEQ personnel to perform their oversight duties. The minimum office requirements are a climate-controlled (air-conditioning and heating) private office with at least 150 square feet of floor space, an office desk with two chairs, lighting, wireless internet access, access to refrigerator, facsimile, reproduction equipment, and sanitation facilities requested by oversight officials as necessary to conduct oversight activities. Settling Defendants shall provide the field operation office space and equipment no later than one week prior to the start of field activities and shall maintain such office space and equipment until EPA has approved the Remedial Action Report in ¶ 5.6(d). Settling Defendants shall notify EPA in writing upon completion of these field support activities.
- (3) Settling Defendants shall provide personal protective equipment needed for EPA personnel and any oversight officials to perform their oversight duties.
- (4) Upon notification by EPA of any deficiencies in the Remedial Action Construction, Settling Defendants shall take all necessary steps to correct the deficiencies and/or bring the Remedial Action Construction into compliance with the approved Final Remedial Design, any approved design changes, and/or the approved RAWP. If applicable, Settling Defendants shall comply with any schedule provided by EPA in its notice of deficiency.

**5.3 Permits**

- (a) As provided in CERCLA § 121(e), and Section 300.400(e) of the NCP, no permit is required for any portion of the Work conducted entirely on-site (*i.e.*, within the areal extent of contamination or in very close proximity to the contamination and necessary for implementation of the Work). Where any portion of the Work that is not on-site requires a federal or state permit or approval, Settling Defendants shall submit timely and complete applications and take all other actions necessary to obtain all such permits or approvals.
- (b) Settling Defendants may seek relief under the provisions of Section X (Force Majeure) of the Decree for any delay in the performance of the Work resulting from a failure to obtain, or a delay in obtaining, any permit or approval referenced in ¶ 5.3(a) and required for the Work, provided that they have submitted timely and complete applications and taken all other actions necessary to obtain all such permits or approvals.
- (c) Nothing in the Decree or this SOW constitutes a permit issued under any federal or state statute or regulation.

**5.4 Emergency Response and Reporting**

- (a) **Emergency Action.** If any event occurs during performance of the Work that causes or threatens to cause a release of Waste Material on, at, or from the Site and that either constitutes an emergency situation or that may present an immediate threat to public health or welfare or the environment, Settling Defendants shall: (1) immediately take all appropriate action to prevent, abate, or minimize such release or threat of release; (2) immediately notify the authorized EPA officer (as specified in ¶ 5.4(c)) orally; and (3) take such actions in consultation with the authorized EPA officer and in accordance with all applicable provisions of the Health and Safety Plan, the Emergency Response Plan, and any other deliverable approved by EPA under the SOW.
- (b) **Release Reporting.** Upon the occurrence of any event during performance of the Work that Settling Defendants are required to report under CERCLA § 103 or Section 304 of the Emergency Planning and Community Right-to-Know Act (“EPCRA”), Settling Defendants shall immediately notify the authorized EPA officer orally.
- (c) The “authorized EPA officer” for purposes of immediate oral notifications and consultations under ¶ 5.4(a) and ¶ 5.4(b) is the EPA Project Coordinator, the EPA Alternate Project Coordinator (if the EPA Project Coordinator is unavailable), or the EPA Emergency Response Unit, Region 6 (if neither EPA Project Coordinator is available).
- (d) For any event covered by ¶ 5.4(a) and ¶ 5.4(b), Settling Defendants shall: (1) within fourteen (14) days after the onset of such event, submit a report to EPA describing the actions or events that occurred and the measures taken, and to be taken, in response thereto; and (2) within thirty (30) days after the conclusion of such event, submit a report to EPA describing all actions taken in response to such event.
- (e) The reporting requirements under ¶ 5.4 are in addition to the reporting required by CERCLA § 103 or EPCRA § 304.

## 5.5 Off-Site Shipments

- (a) Settling Defendants may ship hazardous substances, pollutants, and contaminants from the Site to an off-Site facility only if they comply with CERCLA § 121(d)(3), and 40 C.F.R. § 300.440. Settling Defendants will be deemed to be in compliance with CERCLA § 121(d)(3) and 40 C.F.R. § 300.440 regarding a shipment if Settling Defendants obtain a prior determination from EPA that the proposed receiving facility for such shipment is acceptable under the criteria of 40 C.F.R. § 300.440(b).
- (b) Settling Defendants may ship Waste Material from the Site to an out-of-state waste management facility only if, prior to any shipment, they provide notice to the appropriate state environmental official in the receiving facility’s state and to the EPA Project Coordinator. This notice requirement will not apply to any off-Site shipments when the total quantity of all such shipments does not exceed 10 cubic yards. The notice must include the following information, if available: (1) the name and location of the receiving facility; (2) the type and quantity of Waste Material to be shipped; (3) the schedule for the shipment; and (4) the method of transportation. Settling Defendants also shall notify the state environmental official referenced above and the EPA Project Coordinator of any major changes in the shipment plan, such as a decision to ship the Waste Material to a different out-of-state facility. Settling Defendants shall provide the notice after the award

of the contract for Remedial Action construction and before the Waste Material is shipped.

- (c) Settling Defendants may ship Investigation Derived Waste (IDW) from the Site to an off-Site facility only if they comply with CERCLA § 121(d)(3), 40 C.F.R. § 300.440, *EPA's Guide to Management of Investigation Derived Waste*, OSWER 9345.3-03FS (Jan. 1992), and any IDW-specific requirements contained in the Record of Decision. Wastes shipped off-Site to a laboratory for characterization, and RCRA hazardous wastes that meet the requirements for an exemption from RCRA under 40 CFR § 261.4(e) shipped off-site for treatability studies, are not subject to 40 C.F.R. § 300.440.

## 5.6 Remedial Action Construction Completion

- (a) For purposes of this ¶ 5.6, “Remedial Action Construction” comprises, for any Remedial Action that involves the construction and operation of a system to achieve Performance Standards (for example, groundwater or surface water restoration remedies), the construction of such system and the performance of all activities necessary for the system to function properly and as designed.
- (b) **Inspection of Constructed Remedy.** Settling Defendants shall schedule an inspection to review the construction and operation of the system and to review whether the system is functioning properly and as designed. The inspection must be attended by Settling Defendants and EPA and/or their representatives. A reinspection must be conducted if requested by EPA. Settling Defendants shall document each inspection in a report and submit each report to EPA.
- (c) **Shakedown Period.** There shall be a shakedown period of up to one year for EPA to review whether the remedy is functioning properly and performing as designed. Settling Defendants shall provide such information as EPA requests for such review.
- (d) **Remedial Action Report.** Following the shakedown period, Settling Defendants shall submit a “Remedial Action Report” requesting EPA’s determination that Remedial Action Construction has been completed. The Remedial Action Report must: (1) include statements by a registered professional engineer and by Settling Defendants’ Project Coordinator that the construction of the system is complete and that the system is functioning properly and as designed; (2) include a demonstration, and supporting documentation, that construction of the system is complete and that the system is functioning properly and as designed; (3) include as-built drawings signed and stamped by a registered professional engineer; (4) be prepared in accordance with Chapter 2 (Remedial Action Completion) of EPA’s *Close Out Procedures for NPL Sites* guidance (May 2011), as supplemented by *Guidance for Management of Superfund Remedies in Post Construction*, OLEM 9200.3-105 (Feb. 2017); and (5) be certified in accordance with ¶ 7.5 (Certification).
- (e) If EPA determines that Remedial Action Construction is not complete, EPA shall so notify Settling Defendants. EPA’s notice must include a description of, and schedule for, the activities that Settling Defendants must perform to complete Remedial Action Construction. EPA’s notice may include a schedule for completion of such activities or may require Settling Defendants to submit a proposed schedule for EPA approval.

Settling Defendants shall perform all activities described in the EPA notice in accordance with the schedule.

- (f) If EPA determines, based on the initial or any subsequent Remedial Action Report, that Remedial Action Construction is complete, EPA shall so notify Settling Defendants.

## **5.7 Certification of Remedial Action Completion**

- (a) “Complete” is defined for purposes of this ¶ 5.7 when the Remedial Action has been fully performed and the Performance Standards have been achieved.
- (b) **Monitoring Report.** Settling Defendants shall submit a Monitoring Report to EPA requesting EPA’s Certification of Remedial Action Completion. The report must:  
(1) include certifications by a registered professional engineer and by Settling Defendants’ Project Coordinator that the Remedial Action is complete; (2) be prepared in accordance with Chapter 2 (Remedial Action Completion) of EPA’s *Close Out Procedures for NPL Sites* guidance (May 2011), as supplemented by *Guidance for Management of Superfund Remedies in Post Construction*, OLEM 9200.3-105 (Feb. 2017); (3) contain monitoring data to demonstrate that Performance Standards have been achieved; and (4) be certified in accordance with ¶ 7.5 (Certification).
- (c) If EPA concludes that the Remedial Action is not Complete, EPA shall so notify Settling Defendants. EPA’s notice must include a description of any deficiencies. EPA’s notice may include a schedule for addressing such deficiencies or may require Settling Defendants to submit a schedule for EPA approval. Settling Defendants shall perform all activities described in the notice in accordance with the schedule.
- (d) If EPA concludes, based on the initial or any subsequent Monitoring Report requesting Certification of Remedial Action Completion, that the Remedial Action is Complete, EPA shall so certify to Settling Defendants. This certification will constitute the Certification of Remedial Action Completion for purposes of the Decree, including Section XIII of the Decree (Covenants by Plaintiff). Certification of Remedial Action Completion will not affect Settling Defendants’ remaining obligations under the Decree.

## **5.8 Periodic Review Support Plan (“PRSP”).** Settling Defendants shall submit the PRSP for EPA approval. The PRSP addresses the studies and investigations that Settling Defendants shall conduct to support EPA’s reviews of whether the Remedial Action is protective of human health and the environment in accordance with CERCLA § 121(c) (also known as “Five-year Reviews”). Settling Defendants shall develop the plan in accordance with *Comprehensive Five-year Review Guidance*, OSWER 9355.7-03B-P (June 2001), and any other relevant five-year review guidances.

## **5.9 Certification of Work Completion**

- (a) **Work Completion Inspection.** Settling Defendants shall schedule an inspection for the purpose of obtaining EPA’s Certification of Work Completion. The inspection must be attended by Settling Defendants and EPA and/or their representatives.
- (b) **Work Completion Report.** Following the inspection, Settling Defendants shall submit a report to EPA requesting EPA’s Certification of Work Completion. The report must:

- (1) include certifications by a registered professional engineer and by Settling Defendants' Project Coordinator that the Work, including all O&M activities, is complete; and (2) be certified in accordance with ¶ 7.5 (Certification). If the Monitoring Report submitted under ¶ 5.7(a) includes all elements required under this ¶ 5.9(b), then the Monitoring Report suffices to satisfy all requirements under this ¶ 5.9(b).
- (c) If EPA concludes that the Work is not complete, EPA shall so notify Settling Defendants. EPA's notice must include a description of the activities that Settling Defendants must perform to complete the Work. EPA's notice must include specifications and a schedule for such activities or must require Settling Defendants to submit specifications and a schedule for EPA approval. Settling Defendants shall perform all activities described in the notice or in the EPA-approved specifications and schedule.
- (d) If EPA concludes, based on the initial or any subsequent report requesting Certification of Work Completion, that the Work is complete, EPA shall so certify in writing to Settling Defendants. Issuance of the Certification of Work Completion does not affect the following continuing obligations: (1) activities under the Periodic Review Support Plan; (2) obligations under Sections VI (Property Requirements), and XVI (Records) of the Decree; (3) Institutional Controls obligations as provided in the ICIAP; and (4) reimbursement of EPA's Future Response Costs under Section IX (Payments for Response Costs) of the Decree.

## **6. REPORTING**

**6.1 Progress Reports.** Commencing with the month following lodging of the Decree and until EPA approves the Remedial Action Construction Completion, Settling Defendants shall submit progress reports to EPA on a monthly basis, or as otherwise requested by EPA. The reports must cover all activities that took place during the prior reporting period, including:

- (a) The actions that have been taken toward achieving compliance with the Decree;
- (b) A summary of all results of sampling, tests, and all other data received or generated by Settling Defendants;
- (c) A description of all deliverables that Settling Defendants submitted to EPA;
- (d) A description of all activities relating to Remedial Action Construction that are scheduled for the next six weeks;
- (e) An updated Remedial Action Construction Schedule, together with information regarding percentage of completion, delays encountered or anticipated that may affect the future schedule for implementation of the Work, and a description of efforts made to mitigate those delays or anticipated delays;
- (f) A description of any modifications to the work plans or other schedules that Settling Defendants have proposed or that have been approved by EPA; and
- (g) A description of all activities undertaken in support of the Community Involvement Plan ("CIP") during the reporting period and those to be undertaken in the next six weeks.

- 6.2 Notice of Progress Report Schedule Changes.** If the schedule for any activity described in the Progress Reports, including activities required to be described under ¶ 6.1(d), changes, Settling Defendants shall notify EPA of such change at least seven (7) days before performance of the activity.

## **7. DELIVERABLES**

- 7.1 Applicability.** Settling Defendants shall submit deliverables for EPA approval or for EPA comment as specified in the SOW. If neither is specified, the deliverable does not require EPA's approval or comment. Paragraphs 7.2 (In Writing) through 7.4 (Technical Specifications) apply to all deliverables. Paragraph 7.5 (Certification) applies to any deliverable that is required to be certified. Paragraph 7.6 (Approval of Deliverables) applies to any deliverable that is required to be submitted for EPA approval.
- 7.2 In Writing.** As provided in ¶ 64 of the Decree, all deliverables under this SOW must be in writing unless otherwise specified.
- 7.3 General Requirements for Deliverables.** All deliverables must be submitted by the deadlines in the Remedial Design Schedule or Remedial Action Schedule, as applicable. Settling Defendants shall submit all deliverables to EPA in electronic form. Technical specifications for sampling and monitoring data and spatial data are addressed in ¶ 7.4. All other deliverables shall be submitted to EPA in both PDF (portable document format) and, upon request, in its original MS Office format (*e.g.*, Word, Excel, Project, etc.), or in native or raw data formats as specified by the EPA Project Coordinator. All Excel spreadsheets submitted shall include all underlying formulas and calculations. If any deliverable includes maps, drawings, or other exhibits that are larger than 8.5" by 11", Settling Defendants shall also provide EPA with paper copies of such exhibits, as requested.
- 7.4 Technical Specifications**
- (a) Sampling and monitoring data should be submitted in standard regional Electronic Data Deliverable ("EDD") format (both PDF (portable document format) and, upon request, in its original MS Office format (*e.g.*, Word, Excel, Project, etc.), or in native or raw data formats). All Excel spreadsheets submitted shall include all underlying formulas and calculations. Other delivery methods may be allowed if electronic direct submission presents a significant burden or as technology changes.
  - (b) Spatial data, including spatially-referenced data and geospatial data, should be submitted: (1) in the ESRI File Geodatabase format; and (2) as unprojected geographic coordinates in decimal degree format using North American Datum 1983 ("NAD83") or World Geodetic System 1984 (WGS84) as the datum. If applicable, submissions should include the collection method(s). Projected coordinates may optionally be included but must be documented. Spatial data should be accompanied by metadata, and such metadata should be compliant with the Federal Geographic Data Committee ("FGDC") Content Standard for Digital Geospatial Metadata and its EPA profile, the EPA Geospatial Metadata Technical Specification. An add-on metadata editor for ESRI software, the EPA Metadata Editor ("EME"), complies with these FGDC and EPA metadata requirements and is available at <https://edg.epa.gov/EME/>.

- (c) Each file must include an attribute name for each Site unit or sub-unit submitted. Consult <https://www.epa.gov/geospatial/geospatial-policies-and-standards> for any further available guidance on attribute identification and naming.
- (d) Spatial data submitted by Settling Defendants does not, and is not intended to, define the boundaries of the Site.

**7.5 Certification.** All deliverables that require compliance with this paragraph must be signed by the Settling Defendants' Project Coordinator, or other responsible official of Settling Defendants, and must contain the following statement:

I certify under penalty of perjury that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I have no personal knowledge that the information submitted is other than true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

## **7.6 Approval of Deliverables**

### **(a) Initial Submissions**

- (1) After review of any deliverable that is required to be submitted for EPA approval under the Decree or the SOW, EPA shall: (i) approve, in whole or in part, the submission; (ii) approve the submission upon specified conditions; (iii) disapprove, in whole or in part, the submission; or (iv) any combination of the foregoing.
  - (2) EPA also may modify the initial submission to cure deficiencies in the submission if: (i) EPA determines that disapproving the submission and awaiting a resubmission would cause substantial disruption to the Work; or (ii) previous submission(s) have been disapproved due to material defects and the deficiencies in the initial submission under consideration indicate a bad faith lack of effort to submit an acceptable deliverable.
- (b) **Resubmissions.** Upon receipt of a notice of disapproval under ¶ 7.6(a) (Initial Submissions), or if required by a notice of approval upon specified conditions under ¶ 7.6(a), Settling Defendants shall, within fifteen (15) days or such longer time as specified by EPA in such notice, correct the deficiencies and resubmit the deliverable for approval. After review of the resubmitted deliverable, EPA may: (1) approve, in whole or in part, the resubmission; (2) approve the resubmission upon specified conditions; (3) modify the resubmission; (4) disapprove, in whole or in part, the resubmission, requiring Settling Defendants to correct the deficiencies; or (5) any combination of the foregoing.

- (c) **Implementation.** Upon approval, approval upon conditions, or modification by EPA under ¶ 7.6(a) (Initial Submissions) or ¶ 7.6(b) (Resubmissions), of any deliverable, or any portion thereof: (1) such deliverable, or portion thereof, will be incorporated into and enforceable under the Decree; and (2) Settling Defendants shall take any action required by such deliverable, or portion thereof. The implementation of any non-deficient portion of a deliverable submitted or resubmitted under ¶ 7.6(a) or ¶ 7.6(b) does not relieve Settling Defendants of any liability for stipulated penalties under Section XII (Stipulated Penalties) of the Decree.
- (d) If: (1) an initially submitted deliverable contains a material defect and the conditions are met for modifying the deliverable under ¶ 7.6(a)(2); or (2) a resubmitted deliverable contains a material defect; then the material defect constitutes a lack of compliance for purposes of this Paragraph.

**7.7 Supporting Deliverables.** Settling Defendants shall submit each of the following supporting deliverables for EPA approval, except as specifically provided. Settling Defendants shall develop the deliverables in accordance with all applicable regulations, guidances, and policies (see Section 10 (References)). Settling Defendants shall update each of these supporting deliverables as necessary or appropriate during the course of the Work, and/or as requested by EPA.

- (a) **Health and Safety Plan (“HASP”).** The HASP describes all activities to be performed to protect on-site personnel and area residents from physical, chemical, and all other hazards posed by the Work. Settling Defendants shall develop the HASP in accordance with EPA’s *Emergency Responder Health and Safety Manual* and Occupational Safety and Health Administration (“OSHA”) requirements under 29 C.F.R. §§ 1910 and 1926. The HASP should cover Remedial Design activities and should be, as appropriate, updated to cover activities during the Remedial Action and updated to cover activities after Remedial Action completion. EPA does not approve the HASP but will review it to ensure that all necessary elements are included and that the plan provides for the protection of human health and the environment.
- (b) **Emergency Response Plan (“ERP”).** The ERP must describe procedures to be used in the event of an accident or emergency at the Site (for example, power outages, water impoundment failure, treatment plant failure, slope failure, etc.). The ERP must include:
  - (1) Name of the person or entity responsible for responding in the event of an emergency incident;
  - (2) Plan and date(s) for meeting(s) with the local community, including local, State, and federal agencies involved in the cleanup, as well as local emergency squads and hospitals;
  - (3) Spill Prevention, Control, and Countermeasures (“SPCC”) Plan, consistent with the regulations under 40 C.F.R. part 112, describing measures to prevent, and contingency plans for, spills and discharges;
  - (4) Notification activities in accordance with ¶ 5.4(b) (Release Reporting) in the event of a release of hazardous substances requiring reporting under CERCLA § 103 or EPCRA § 304; and

- (5) A description of all necessary actions to ensure compliance with ¶ 5.4 of the SOW in the event of an occurrence during the performance of the Work that causes or threatens a release of Waste Material from the Site that constitutes an emergency or may present an immediate threat to public health or welfare or the environment.
- (c) **Field Sampling Plan (“FSP”).** The FSP addresses all sample collection activities. The FSP shall include requirements for sampling objectives, sampling media, sampling locations, depths and frequency; sampling equipment and procedures; sample handling, analytical methods, analytical parameters and constituents; and a breakdown of samples to be analyzed through Contract Laboratory Program (“CLP”) and other sources, as well as the justification for those decisions. The FSP shall include tables of geographical coordinates and the appropriate maps showing locations of previous sampling locations and proposed sampling locations. The FSP must be written so that a field sampling team unfamiliar with the project would be able to gather the samples and field information required. Settling Defendants shall develop the FSP in accordance with *Guidance for Conducting Remedial Investigations and Feasibility Studies*, EPA/540/G 89/004 (Oct. 1988).
- (d) **Quality Assurance Project Plan (“QAPP”).** The QAPP must include a detailed explanation of Settling Defendants’ quality assurance, quality control, and chain of custody procedures for all treatability, design, compliance, and monitoring samples. Settling Defendants shall develop the QAPP in accordance with EPA Directive CIO 2105.1 (Environmental Information Quality Policy, 2021), the most recent version of *Quality Management Systems for Environmental Information and Technology Programs – Requirements with Guidance for Use*, ASQ/ANSI E-4 (Feb. 2014, and *Guidance for Quality Assurance Project Plans*, EPA QA/G-5, EPA Office of Environmental Information (Dec. 2002). Settling Defendants shall collect, produce, and evaluate all environmental information at the Site in accordance with the approved QAPP.
- (e) **Data Management Plan (“DMP”).** Settling Defendants shall prepare a DMP that outlines the procedures for storing, handling, accessing, retaining and securing data collected during the Work. Settling Defendants shall consistently document the quality and validity of field and laboratory data compiled during the Work. Settling Defendants shall supply all data to EPA in ArcView® format or other electronic format as directed by EPA in accordance with the DMP. All Geographic Information System (“GIS”) data sets will be in a Universal Transverse Mercator (“UTM”) or State Plane coordinate system.
- (f) **Site Wide Monitoring Plan (“SWMP”).** The purpose of the SWMP is to obtain baseline information regarding the extent of contamination in affected media at the Site; to obtain information, through short- and long- term monitoring, about the movement of and changes in contamination throughout the Site, before and during implementation of the Remedial Action; to obtain information regarding contamination levels to determine whether Performance Standards are achieved; and to obtain information to determine whether to perform additional actions, including further Site monitoring. The SWMP must include:
- (1) Description of the environmental media to be monitored;

- (2) Description of the data collection parameters, including existing and proposed monitoring devices and locations, schedule and frequency of monitoring, analytical parameters to be monitored, and analytical methods employed;
  - (3) Description of how performance data will be analyzed, interpreted, and reported, and/or other Site-related requirements;
  - (4) Description of verification sampling procedures;
  - (5) Description of deliverables that will be generated in connection with monitoring, including sampling schedules, laboratory records, monitoring reports, and monthly and annual reports to EPA and State agencies;
  - (6) Description of proposed additional monitoring and data collection actions (such as increases in frequency of monitoring, and/or installation of additional monitoring devices in the affected areas) in the event that results from monitoring devices indicate changed conditions (such as higher than expected concentrations of the contaminants of concern or groundwater contaminant plume movement);
  - (7) A plan to immediately provide to EPA any unvalidated sampling data from Community Areas as defined in ¶ 7.7(g) affected by the remedy that exceed removal management levels or three times remedial cleanup levels, whichever is lower; and
  - (8) A plan to expedite sampling and analysis in Community Areas as defined in ¶ 7.7(g) affected by the remedy (particularly in situations where EPA determines that unvalidated sampling data indicates substantial exceedances of cleanup standards), including procedures for expedited analysis, validation, and communication of sampling results to affected communities.
- (g) **Community Impact Mitigation Plan (“CIMP”).** The CIMP describes all activities to be performed: (1) to reduce and manage the impacts from remedy implementation (*e.g.*, air emissions, traffic, noise, odor, temporary or permanent relocation) to residential areas, schools, playgrounds, healthcare facilities, or recreational or impacted public areas (“Community Areas”) from and during remedy implementation; (2) to conduct monitoring in Community Areas of impacts from remedy implementation; (3) to expeditiously communicate validated remedy implementation monitoring data; (4) to make adjustments during remedy implementation in order to further reduce and manage impacts from remedy implementation to affected Community Areas; (5) to expeditiously restore community resources damaged during remediation such as roads and culverts; and (6) to mitigate the economic effects that the Remedial Action will have on the community by structuring remediation contracts to allow more local business participation. The CIMP should contain information about impacts to Community Areas that is sufficient to assist EPA’s Project Coordinator in performing the evaluations recommended under the *Superfund Community Involvement Handbook*, OLEM 9230.0-51 (March 2020), pp. 53-56.
- (h) **Construction Quality Assurance Plan (“CQAP”) and Construction Quality Control Plan (“CQCP”).** The purpose of the CQAP is to describe planned and systemic activities

that provide confidence that the Remedial Action construction will satisfy all plans, specifications, and related requirements, including quality objectives. The purpose of the CQCP is to describe the activities to verify that Remedial Action construction has satisfied all plans, specifications, and related requirements, including quality objectives. The CQAP/CQCP (“CQA/CP”) must:

- (1) Identify, and describe the responsibilities of, the organizations and personnel implementing the CQA/CP;
  - (2) Describe the Performance Standards required to be met to achieve Completion of the Remedial Action;
  - (3) Describe the activities to be performed: (i) to provide confidence that Performance Standards will be met; and (ii) to determine whether Performance Standards have been met;
  - (4) Describe verification activities, such as inspections, sampling, testing, monitoring, and production controls, under the CQA/CP;
  - (5) Describe industry standards and technical specifications used in implementing the CQA/CP;
  - (6) Describe procedures for tracking construction deficiencies from identification through corrective action;
  - (7) Describe procedures for documenting all CQA/CP activities; and
  - (8) Describe procedures for retention of documents and for final storage of documents.
- (i) **Transportation and Off-Site Disposal Plan (“TODP”).** The TODP describes plans to ensure compliance with ¶ 5.5 (Off-Site Shipments). The TODP must include:
- (1) Proposed times and routes for off-site shipment of Waste Material;
  - (2) Proposed times and routes for delivery of materials for the in-situ solidification remedy;
  - (3) Identification of communities, including underserved communities referred to in Executive Order 14008, § 222(b) (Feb. 1, 2021), affected by shipment of Waste Material; and
  - (4) Description of plans to minimize impacts (*e.g.*, noise, traffic, dust, odors) on affected communities.
- (j) **O&M Plan.** The O&M Plan describes the requirements for inspecting, operating, and maintaining the Remedial Action. Settling Defendants shall develop the O&M Plan in accordance with *Guidance for Management of Superfund Remedies in Post Construction*, OLEM 9200.3-105 (Feb. 2017). The O&M Plan must include the following additional requirements:

- (1) Description of Performance Standards required to be met to implement the Record of Decision;
  - (2) Description of activities to be performed: (i) to provide confidence that Performance Standards will be met; and (ii) to determine whether Performance Standards have been met;
  - (3) **O&M Reporting.** Description of records and reports that will be generated during O&M, such as daily operating logs, laboratory records, records of operating costs, reports regarding emergencies, personnel and maintenance records, monitoring reports, and monthly and annual reports to EPA and State agencies;
  - (4) Description of corrective action in case of systems failure, including:
    - (i) alternative procedures to prevent the release or threatened release of Waste Material which may endanger public health and the environment or may cause a failure to achieve Performance Standards; (ii) analysis of vulnerability and additional resource requirements should a failure occur; (iii) notification and reporting requirements should O&M systems fail or be in danger of imminent failure; and (iv) community notification requirements; and
  - (5) Description of corrective action to be implemented in the event that Performance Standards are not achieved; and a schedule for implementing these corrective actions.
- (k) **O&M Manual.** The O&M Manual serves as a guide to the purpose and function of the equipment and systems that make up the remedy. Settling Defendants shall develop the O&M Manual in accordance with *Guidance for Management of Superfund Remedies in Post Construction*, OLEM 9200.3-105 (Feb. 2017).

## 8. SCHEDULES

- 8.1 Applicability and Revisions.** All deliverables and tasks required under this SOW must be submitted or completed by the deadlines or within the time durations listed in the Remedial Design and Remedial Action Schedules set forth below. Settling Defendants may submit proposed revised Remedial Design Schedules or Remedial Action Schedules for EPA approval. Upon EPA's approval, the revised Remedial Design and/or Remedial Action Schedules supersede the Remedial Design and Remedial Action Schedules set forth below, and any previously-approved Remedial Design and/or Remedial Action Schedules.

## 8.2 Remedial Design Schedule

	Description of Deliverable, Task	¶ Ref.	Deadline
1	RDWP	4.1	30 days after EPA's Authorization to Proceed regarding Supervising Contractor (¶ 3.3).
2	ICIAP	4.2	30 days after EPA Authorization to Proceed regarding Supervising Contractor (¶ 3.3).
3	PDIWP	4.4(a)	60 days after EPA's Authorization to Proceed regarding Supervising Contractor (¶ 3.3).
4	PSWP	4.5	60 days after EPA's Authorization to Proceed regarding Supervising Contractor (¶ 3.3).
6	Preliminary (30%) Remedial Design	4.6	120 days after EPA approval of Final RDWP (¶ 4.1)
7	Intermediate (60%) Remedial Design	4.7	30 days after EPA comments on Preliminary Remedial Design
8	Pre-final (90/95%) Remedial Design	4.8	30 days after EPA comments on Intermediate Remedial Design
9	Final (100%) Remedial Design	4.9	15 days after EPA comments on Pre-final Remedial Design

## 8.3 Remedial Action Schedule

	Description of Deliverable / Task	¶ Ref.	Deadline
1	Commence to Implement ICIAP	4.2	30 days after EPA Notice of Authorization to Proceed with ICIAP
2	Award Remedial Action contract		45 days after EPA Notice of Authorization to Proceed with Remedial Action
3	RAWP	5.1	45 days after EPA Notice of Authorization to Proceed with Remedial Action
4	Pre-Construction Conference	5.2(a)	10 days after Approval of RAWP
5	Start of Construction		15 days after Approval of RAWP
6	Completion of Construction		See deadline in RAWP
7	Pre-final Inspection	5.6(b)	30 days after completion of construction
8	Pre-final Inspection Report	5.6(d)	30 days after completion of Pre-final Inspection
9	Final Inspection		90 days after Completion of Work identified in Pre-final Inspection Report
10	Remedial Action Report	5.6(d)	30 days after Final Inspection
11	Monitoring Report	5.7(a)	90 days after meeting Remedial Action Objectives in Section 15.1 of the Record of Decision
12	Work Completion Report	5.9(b)	30 days after Work Completion Inspection
13	Periodic Review Support Plan	5.8	Five years after Start of Remedial Action Construction

## **9. STATE PARTICIPATION**

- 9.1 Copies.** Settling Defendants shall, at any time they send a deliverable to EPA, send a copy of such deliverable to the State. EPA shall, at any time it sends a notice, authorization, approval, disapproval, or certification to Settling Defendants, send a copy of such document to the State.
- 9.2 Review and Comment.** The State will have a reasonable opportunity for review and comment prior to:
- (a) Any EPA notice to proceed under ¶ 3.3 (Procedures for Disapproval/Notice to Proceed);
  - (b) Any EPA approval or disapproval under ¶ 7.6 (Approval of Deliverables) of any deliverables that are required to be submitted for EPA approval; and
  - (c) Any approval or disapproval of the Construction Phase under ¶ 5.6 (Remedial Action Construction Completion), any disapproval of, or Certification of Remedial Action Completion under ¶ 5.7 (Certification of Remedial Action Completion), and any disapproval of, or Certification of Work Completion under ¶ 5.9 (Certification of Work Completion).

## **10. REFERENCES**

- 10.1** The following regulations and guidance documents, among others, apply to the Work. Any item for which a specific URL is not provided below is available on one of the three EPA web pages listed in ¶ 10.2:
